Having regard to the policies and objectives as set out in the Dún Laoghaire-Rathdown County Council Development Plan 2016-2022, to the scale and nature of the proposed development and to the nature and character of the surrounding environment, it is considered that, subject to compliance with the conditions set out below, the proposed development would be an acceptable form of development at this location and would not seriously injure the amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to the planning authority on the 16<sup>th</sup> day of November 2018, except as may otherwise be required in order to comply with the following conditions. 6. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.
