

Planning and Development Acts 2000 to 2019

Planning Authority: Dún Laoghaire-Rathdown County Council

Planning Register Reference Number: D18A/1118

Appeal by West Group Investments Limited care of RPS Group of West Pier Business Campus, Dún Laoghaire, County Dublin against the decision made on the 21st day of January, 2019 by Dún Laoghaire-Rathdown County Council to refuse permission for the proposed development.

Proposed Development: Demolition of the existing building on site and erection of a part two, part three-storey building with the taller element located to the rear, comprising a ground floor retail unit with three two bedroom apartments above, internal courtyard, roof terrace, private amenity space provided by balconies, refuse storage, cycle storage and all other ancillary works. A basement is proposed to provide ancillary storage and services to both the retail and residential uses, all at 3 Kilbogget Villas, Old Bray Road, Cabinteely, Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the Neighbourhood Centre (NC) zoning of the site and to the nature and scale of development in the vicinity, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area, and would not cause traffic congestion or interfere with traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by An Bord Pleanála on the 18th day of February, 2019, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Prior to commencement of development, the developer shall submit to and agree in writing with the planning authority, a travel plan for the future residential users of the residential units. This travel plan shall include proposals to ensure users do not park cars in the vicinity and detailed provisions for bike and shared use vehicles for the future occupants.

Reason: In the interest of reducing traffic congestion.

3. Construction works shall not commence until written confirmation has been provided to the planning authority that Irish Water have agreed all details for the provision of water and foul/surface water drainage for the proposed development.

Reason: In the interest of clarity.

4. Details, including samples, of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of the visual amenities of the area.

5. Details of all external shopfronts and signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of the amenities of the area/visual amenity.

6. No advertisement or advertisement structure shall be erected or displayed on the building or within the curtilage of the site in such a manner as to be visible from outside the building, unless authorised by a further grant of planning permission.

Reason: In the interest of visual amenity.

7. Security roller shutters, if installed, shall be recessed behind the perimeter glazing and shall be factory finished in a single colour to match the colour scheme of the building. Such shutters shall be of the 'open lattice' type and shall not be used for any form of advertising, unless authorised by a further grant of planning permission.

Reason: In the interest of visual amenity.

8. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

9. No additional development shall take place above roof parapet level, including lift motor enclosures, air handling equipment, storage tanks, ducts or other external plant, telecommunication aerials, antennas or equipment, unless authorised by a further grant of planning permission.

Reason: To protect the residential amenities of property in the vicinity and the visual amenities of the area.

10. The management and maintenance of the proposed development, following completion, shall be the responsibility of a legally constituted management company, which shall be established by the developer. A management scheme, providing adequate measures for the future maintenance of the development; including the external fabric of the buildings, internal common areas (residential and commercial), open spaces, landscaping, waste storage facilities and sanitary services, shall be submitted to and agreed in writing with the planning authority, before any of the residential or commercial units are made available for occupation.

Reason: To provide for the future maintenance of this private development in the interest of residential amenity and orderly development.

11. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

12. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the “Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects”, published by the Department of the Environment, Heritage and Local Government in July 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

Reason: In the interest of sustainable waste management.

13. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

14. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Michelle Fagan
Member of An Bord Pleanála
duly authorised to authenticate
the seal of the Board.

Dated this day of 2019.
