**Planning and Development Acts 2000 to 2019**

**Planning Authority: Cork City Council**

**Planning Register Reference Number: 18/38151**

**Appeal** by Sarah Murphy care of DFOD Project Management Consulting Engineers of Clyde House, Brian Boru Street, Cork against the decision made on the 29<sup>th</sup> day of January, 2019 by Cork City Council to refuse permission to the said Sarah Murphy:

**Proposed Development:** Construction of a two-bedroom dwellinghouse on the grounds of the existing dwelling using the existing vehicle entrance and the construction of a new vehicle entrance for the existing house, all at 68 Earlwood Estate, The Lough, Cork.

**Decision**

**GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.**

## **Matters Considered**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

## **Reasons and Considerations**

Having regard to the land-use zoning of the site and the existing pattern of development on the site and in the vicinity, it is considered that, subject to compliance with the conditions set out below, the proposed development would be acceptable in terms of traffic safety and convenience, and would not seriously injure the visual amenities of the area or the residential amenities of property in the vicinity. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The host dwelling and the new dwelling permitted by way of this grant of planning permission shall both be used solely as single residential dwelling units.

**Reason:** In the interest of residential amenity.

3. Development described in Classes 1 or 3 of Part 1 of Schedule 2 to the Planning and Development Regulations, 2001, or any statutory provision modifying or replacing them, shall not be carried out within the curtilage of the site/within the rear garden area without a prior grant of planning permission.

**Reason:** In the interest of residential amenity.

4. (1) The vehicular entrance proposed to serve the host dwelling, number 68 Earlwood Estate, is not permitted under this permission given its location outside of the red line boundary of the application site.  
  
(b) Prior to the commencement of any development on this site, the applicant/developer shall apply for and receive a grant of planning permission for a separate vehicular entrance and car parking area to serve the host dwelling.

**Reason:** In the interest of traffic safety.

5. (1) All en-suite windows shall be permanently fitted and maintained with obscured glass.
- (2) Details of the materials, colours and textures of all the external finishes to the proposed dwelling shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual and residential amenity.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

7. The site shall be landscaped, using only indigenous deciduous trees and hedging species, in accordance with details which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

**Reason:** In order to screen the development and assimilate it into the surrounding rural landscape, in the interest of visual amenity.

8. All necessary measures shall be taken by the contractor, including the provision of wheel wash facilities, to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works.

**Reason:** To protect the amenities of the area.

9. (1) The construction of the development shall be managed in accordance with a Construction Environmental Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.
- (2) Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0900 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In the interest of public safety and residential amenity.

10. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
