

Planning and Development Acts 2000 to 2019

Planning Authority: Dublin City Council

Planning Register Reference Number: 2204/19

Appeal by Tracey Farrell and Jarlath Walsh of 12 Celtic Park, Beaumont, Dublin against the decision made on the 2nd day of April, 2019 by Dublin City Council to grant subject to conditions a permission in accordance with plans and particulars lodged with the said Council.

Proposed Development: (i) Construction of a part single storey/part two-storey extension to the rear of existing dwelling with flat roofs, (ii) construction of a new single storey first floor extension to the side of existing dwelling with pitched roof, (iii) construction of a new single storey ground floor extension to the front of existing dwelling with pitched roof and (iv) partial demolition of existing garage to side and all associated site works necessary to facilitate the development all at 12 Celtic Park Avenue, Dublin.

Decision

Having regard to the nature of the conditions the subject of the appeal, the Board is satisfied that the determination by the Board of the relevant application as if it had been made to it in the first instance would not be warranted and, based on the reasons and considerations set out below, directs the said Council under subsection (1) of section 139 of the Planning and Development Act, 2000 to REMOVE condition number 3 and the reason therefor.

Reasons and Considerations

Having regard to the nature and scale of the proposed development and the pattern of development in the area, including the terraced character of the streetscape, it is considered that the modifications to the proposed development, as required by the planning authority in its imposition of condition number 3, are not warranted. The proposed development, with the omission of condition number 3, would not have a significant impact on the residential or visual amenities of the area, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.
