**Decision**

**Grant an extension of the period for the making of an application for substitute consent under section 177E (4) of the Planning and Development Act, 2000, as inserted by section 57 of the Planning and Development (Amendment) Act 2010, for a Further Period of 25 Weeks from the end of the original 12 week period that commenced on the 25<sup>th</sup> day of June, 2019, based on the reasons and considerations set out below.**

## **Matters Considered**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

## **Reasons and Considerations**

The Board noted the request made for an extension of the period for the making of the application for substitute consent and a request for a pre-application consultation in this instance and, taking into account the circumstances pertaining to this case, was of the opinion that an extension of 25 weeks would be reasonable and appropriate to enable preparation of the remedial Environmental Impact Assessment Report and a remedial Natura impact statement.
