

Planning and Development Acts 2000 to 2019

Planning Authority: South Dublin County Council

Planning Register Reference Number: SD19B/0231

Appeal by Garrett Hayes and Breda Hayes of 31 Cypress Grove Road, Templeogue, Dublin against the decision made on the 30th day of July, 2019 by South Dublin County Council to grant subject to conditions a permission to Trevor and Catherine McDermott care of Douglas Wallace of 1 Grantham Street, Dublin in accordance with plans and particulars lodged with the said Council.

Proposed Development: Single storey flat roof extension to the rear and side of the existing two-storey dwelling, single storey flat roof garden storage and widening of the existing vehicular entrance at 31A, Cypress Grove Road, Templeogue, Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the nature and scale of the proposed development, to the residential zoning of the site in the South Dublin County Development Plan 2016-2022 and to the established character and pattern of development in the vicinity of the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The vehicular entrance to the site shall not exceed 3.5 metres in width.

Reason: In the interests of pedestrian safety and visual amenity.

3. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. The footpath shall be dished at the road junction in accordance with the requirements of the planning authority. Details of the location and materials to be used in such dishing shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interests of visual amenity and pedestrian safety.

5. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures, protection of the existing trees in the grass verges during the construction phase, protection of the existing watermains, and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

6. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
