**Planning and Development Acts 2000 to 2019**

**Planning Authority: Dublin City Council**

**Planning Register Reference Number: 3302/19**

**Appeal** by Barry and Yvonne Boland of 10 Clyde Lane, Ballsbridge, Dublin against the decision made on the 13<sup>th</sup> day of August, 2019 by Dublin City Council to grant subject to conditions a permission to Bedwyn Limited care of ABK Architects of 34 Lower Leeson Street, Dublin in accordance with plans and particulars lodged with the said Council.

**Proposed Development:** Demolition of the existing two-storey mews house and the construction of a new two-storey three-bedroom house including modifications to entrance gates together with associated external works at 11B, Clyde Lane, Dublin.

**Decision**

**GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.**

## **Matters Considered**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

## **Reasons and Considerations**

Having regard to the pattern of development in the vicinity and the nature, scale and design of the proposed mews house, the Board considered that the proposed development, subject to compliance with the conditions set out below, would not seriously injure the residential amenities of neighbouring property, or of future occupants of the new house, would not unduly detract from the setting of neighbouring protected structures, would represent an appropriate form of mews development that would be compatible with its surroundings, and would be acceptable in terms of pedestrian and vehicular safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, and by the further plans and particulars received by An Bord Pleanála on the 7<sup>th</sup> day of October 2019, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health and to ensure a proper standard of development.

3. Site development and building works shall be carried out only between the hours of 0800 to 1800 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

4. All service cables associated with the proposed development (such as electrical, communal television and telecommunications) shall be run underground within the site. In this regard, ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interests of orderly development and the visual and residential amenities of the area.

5. The site development works and construction works shall be carried out in such a manner as to ensure that the adjoining street(s) are kept clear of debris, soil and other material and if the need arises for cleaning works to be carried out on the adjoining public roads, the said cleaning works shall be carried out at the developer's expense.

**Reason:** To ensure that the adjoining roadways are kept in a clean and safe condition during construction works in the interest of orderly development.

6. Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001, and any statutory provision replacing or amending them, no development falling within Classes 1, 3 and 5 of Schedule 2, Part 1 of those Regulations shall take place within the curtilage of the house without a prior grant of planning permission.

**Reason:** In the interest of orderly development, and to allow the planning authority to assess the impact of any such development on the amenities of the area through the statutory planning process

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
