

Board Order ABP-307385-20

Planning and Development Acts 2000 to 2019 Planning Authority: Cork County Council Planning Register Reference Number: 19/06344

Appeal by Taramount Construction Limited care of HW Planning of 5 Joyce House, Barrack Square, Ballincollig, County Cork against the decision made on the 20th day of April, 2020 by Cork County Council to refuse permission for the proposed development.

Proposed Development: Construction of a residential development of 95 number dwelling units and all associated site development works. The proposed development consists of the construction of 32 number four-bed semi-detached houses, 36 number three-bed semi-detached houses, eight number three-bed townhouses, seven number two-bed townhouses and six number two-bed duplex units, four number two-bed apartment units and two number one-bed apartment units contained in three number three storey apartment blocks. Vehicular access to the proposed development will be via the existing entrance from the L-1207 and provision will be made for a pedestrian link with the River Valley housing estate (as previously permitted under Cork County Council Planning Reference 04/5426). The proposed development also includes open space, landscaping, bicycle parking facilities, bin stores, public lighting and all ancillary site development works at Old Course, Spaglen, Mallow, County Cork.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the residential zoning objective for the site as set out in the Kanturk Mallow Municipal District Local Area Plan 2017 and to the planning history of the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would be acceptable in terms of traffic safety and convenience and would not be prejudicial to public health. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Appropriate Assessment Screening

Notwithstanding the submission of a Natura impact statement in order to facilitate the Board in carrying out an Appropriate Assessment, the Board agreed with the screening assessment carried out in the Inspector's Report that the proposed development, individually or in combination with other plans or projects would not be likely to have a significant effect on the Blackwater River (Cork Waterford) Special Area of Conservation (Site Code: 002170) or Kilcolman Bog Special Protection Area (Site Code: 004095) or any other European site, in view of the sites' conservation objectives, and a Stage 2 Appropriate Assessment (and submission of a Natura impact statement) is not, therefore, required.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 17th day of December, 2019, the 30th day of January, 2020, the 25th day of February, 2020 and the 20th day of March, 2020, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Prior to commencement of development, the developer shall enter into water and/or wastewater connection agreement(s) with Irish Water.

Reason: In the interest of public health.

ABP-307385-20

3. Drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

 No dwelling or apartment shall be occupied until the upgrade works to the Mallow Wastewater Treatment Plant permitted under planning register reference number 19/05078 have been completed.

Reason: In the interest of public health.

5. The development shall be carried out in accordance with the phasing as delineated on drawing number 19088/P/011 Revision P2 received by the planning authority on the 17th day of December, 2019. Works on the second and third phases shall not commence until such time as the written agreement of the planning authority is given to commence the next phase.

Reason: To ensure the timely provision of services, for the benefit of the occupants of the proposed dwellings.

6. Details of the materials, colours and texture of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

7. The internal road network serving the proposed development, including turning bays, junctions, parking areas, footpaths and kerbs shall comply with the detailed standards of the planning authority for such road works.

Reason: In the interests of amenity and of traffic and pedestrian safety.

8. Public lighting shall be provided in accordance with a scheme, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.

Reason: In the interests of amenity and public safety.

9. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interests of visual and residential amenity.

 All screen walls shall be two metres in height above ground level, constructed in concrete block, and shall be capped, and rendered on both sides in a finish that matches the external finish of the dwellings.

Reason: In the interests of residential and visual amenity.

 All rear gardens shall be bounded with 1.8 metre high concrete block walls, suitably capped and rendered, on both sides, or by 1.8 metre high concrete fences with concrete posts.

Reason: In the interests of residential and visual amenity.

12. Ten per cent of the parking spaces serving the proposed development shall be provided with electric vehicle charging points. Details of how it is proposed to comply with these requirements, including details of design of, and signage for, the electrical charging points shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of sustainable transportation.

13. Proposals for an estate/street name, housing and apartment numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house and apartment numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).

Reason: In the interest of urban legibility and to ensure the use of locally appropriate place names for new residential areas.

14. The areas of public open space shown on the lodged plans shall be reserved for such use. These areas shall be levelled, soiled, seeded, and landscaped in accordance with the landscaping scheme submitted to the planning authority on the 17th day of December, 2019. This work shall be completed before any of the dwellings are made available for occupation and shall be maintained as public open space by the developer until taken in charge by the local authority.

Reason: In order to ensure the satisfactory development of the public open space areas, and their continued use for this purpose.

15. Prior to the occupation of the development, a Mobility Management Strategy (including an interim or temporary strategy reflecting any requirements or adjustments relating to Covid-19 movement and travel patterns) shall be submitted to, and agreed in writing with, the planning authority. This shall provide for incentives to encourage the use of public transport, cycling, walking and carpooling by residents in the development and to reduce and regulate the extent of parking. Details may include the provision of centralised facilities within the commercial element of the development for bicycle parking, shower and changing facilities associated with the policies set out in the strategy. The interim or temporary strategy, where applicable, should reflect the requirements of DMURS Interim Advice Note – Covid Pandemic Response (May, 2020). The mobility strategy shall be prepared and implemented by the management company for all units within the development.

Reason: In the interest of encouraging the use of sustainable modes of transport and reflecting the needs of pedestrians and cyclists during Covid-19 pandemic.

16. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the current Development Plan for the area.

17. A plan containing details for the management of waste (and, in particular, recyclable materials) within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

Reason: To provide for the appropriate management of waste and, in particular recyclable materials, in the interest of protecting the environment.

18. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

19. Prior to the commencement of development, the developer shall submit a construction and demolition waste management plan to the planning authority for agreement prepared in accordance with the Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects published by the Department of the Environment, Heritage and Local Government in July, 2006. This shall include details of waste to be generated during site clearance and construction phases and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material.

Reason: In the interest of orderly development and sustainable waste management.

20. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures, construction traffic management plan and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

21. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To ensure the satisfactory completion and maintenance of the development until taken in charge.

22. The developer shall pay to the planning authority as a special contribution under section 48 (2)(c) of the Planning and Development Act 2000, in respect of the provision of a footpath along local road L1207 southwards from the existing site entrance to the entrance to the Clifden housing estate. The amount of the contribution shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála for determination. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be updated at the time of payment in accordance with charges in the Wholesale Price Index – Building and Construction (Capital Goods) published by the Central Statistics Office.

Reason: It is considered reasonable that the developer should contribute towards the specific exceptional costs which are incurred by the planning authority which are not covered in the Development Contribution Scheme and which will benefit the proposed development. 23. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Paul Hyde Member of An Bord Pleanála duly authorised to authenticate the seal of the Board.

Dated this day of 2020.
