Board Order
ABP-307972-20

Planning and Development Acts 2000 to 2020

Planning Authority: Dún Laoghaire-Rathdown County Council

Planning Register Reference Number: D20A/0378

Appeal by Barry Fitzgibbon care of Ray MacDonnell Architect of 54 Dunville Avenue, Rathmines, Dublin against the decision made on the 24th day of July, 2020 by Dún Laoghaire-Rathdown County Council to refuse permission for the proposed development.

Proposed Development: Construction of a detached split level two-storey dwelling with a three-storey atrium and vehicular entrance, to the side of existing detached two-storey house and associated works at 'Fairways', Violet Hill, Church Road, Killiney, County Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the land use zoning of the site in the current Development Plan for the area, to the infill nature of the site, to the design, layout and scale of the proposed development, and to the nature and pattern of development in the vicinity, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area or of property in the vicinity, would represent an appropriate residential density, would comply with the provisions of the Development Plan, and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application as amended by the further plans and particulars received by An Bord Pleanála on the 19th day of August, 2020, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to

commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Revised elevational drawings corresponding with the floor plans lodged with the application shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of clarity.

3. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services, details of which shall be submitted to, and agreed in writing with, the planning authority prior to the commencement of development.

Reason: In the interest of public health.

4. The developer shall enter into water and/or wastewater connection agreement(s) with Irish Water prior to commencement of development.

Reason: In the interest of public health.

5. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground.

Reason: In the interests of visual and residential amenity.

6. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

7. Site development and building works shall be carried out only between the hours of 0700 and 1900 Mondays to Fridays inclusive, between the hours of 0800 and 1400 on Saturdays and not at all on Sundays and public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

8. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

9. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
