

Planning and Development Acts 2000 to 2020

Planning Authority: Tipperary County Council

Planning Register Reference Number: 201008

Appeal by Bridget Delaney care of Patrick Ryan of Carrigal, Carrigatogher, Nenagh, County Tipperary against the decision made on the 16th day of October, 2020 by Tipperary County Council to grant subject to conditions a permission to Raymond and Michael Delaney care of Aidan Kelly of Molough, Newcastle, Clonmel, County Tipperary in accordance with plans and particulars lodged with the said Council.

Proposed Development: Construction of: (i) cubicle shed with loose area and underground effluent tank, (ii) walled silage slab and all associated site works at Carrigatogher (Ryan), Nenagh, County Tipperary.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the rural location of the site, the existing established farmyard, the existing character and pattern of development in the vicinity and to the policies and objectives of the North Tipperary County Development Plan, 2010 (as varied), it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The slatted shed shall be used only in strict accordance with a management schedule to be submitted to and agreed in writing with the planning authority, prior to commencement of development. The management schedule shall be in accordance with the European Communities (Good Agricultural Practice for Protection of Waters) (Amendment Regulations, 2017), as amended, and shall provide at least for the following:
 - (1) Details of the number and types of animals to be housed.
 - (2) The arrangements for the collection, storage and disposal of slurry.

(3) Arrangements for the cleansing of the buildings and structures.

Reason: In order to avoid pollution and to protect residential amenity.

3. All foul effluent and slurry generated by the proposed development and in the farmyard shall be conveyed through properly constructed channels to the proposed and existing storage facilities and no effluent or slurry shall discharge or be allowed to discharge to any stream, river or watercourse, or to the public road.

Reason: In the interest of public health.

4. Water supply and drainage arrangements for the site, including the disposal of surface and soiled water, shall comply with the requirements of the planning authority for such works and services. In this regard-

(a) uncontaminated surface water run-off shall be disposed of directly in a sealed system, and

(b) all soiled waters, shall be directed to the slatted storage tank. Drainage details shall be submitted to and agreed in writing with the planning authority, prior to commencement of development.

Reason: In the interest of environmental protection, public health and to ensure a proper standard of development.

5. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Maria FitzGerald
Member of An Bord Pleanála
duly authorised to authenticate
the seal of the Board.

Dated this day of 2021.
