

Planning and Development Acts 2000 to 2020

Planning Authority: Limerick City and County Council

Planning Register Reference Number: 20/531

Appeal by Mary O'Keeffe of 13 Ashbourne Park, Ashbourne Avenue, Limerick and by others against the decision made on the 16th day of October, 2020 by Limerick City and County Council to grant subject to conditions a permission to Mary Immaculate College care of Quinn Architects of 12 Barrington Street, Limerick in accordance with plans and particulars lodged with the said Council.

Proposed Development: Conversion of existing outbuilding to two bed apartment associated with existing student residential accommodation, minor alterations to elevations and all associated site works at O'Dwyer House, South Circular Road, Courtbrack Avenue, Limerick.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the land use zoning of the site of the proposed development, the established use of O'Dwyer House as Student Residential Accommodation, the pattern of development in the area and the design and layout of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would be acceptable in terms of traffic safety and convenience and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 23rd day of September, 2020, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The use of the building shall be for student residential accommodation in association with the established use of O'Dwyer House.

Reason: To clarify the permission in the interest of residential amenity.

3. All service cables associated with the proposed development (such as electrical, communal television, telephone, and public lighting cables) shall be run underground within the site. In this regard, ducting shall be provided to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interests of orderly development and the visual amenities of the area.

4. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and to ensure a proper standard of development.

5. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
