Board Order
ABP-308700-20

Planning and Development Acts 2000 to 2020

Planning Authority: Dún Laoghaire-Rathdown County Council

Planning Register Reference Number: D19A/0666

Appeal by Breege and Joseph Muldowney care of PBA Architects of Stoneyford, County Kilkenny against the decision made on the 27th day of October, 2020 by Dún Laoghaire-Rathdown County Council to grant subject to conditions a permission to Patricia McGettigan care of Edmond J. Desmond and Associates of 85 Seatown Villas, Swords, County Dublin in accordance with plans and particulars lodged with the said Council:

Proposed Development: Demolition of existing single storey extension to side and rear and single storey conservatory to rear, and to build a new detached two storey four bedroom dwelling to side with new vehicular entrance to front and off street parking for two additional cars 38 Cool Cill, Sandyford, Dublin 18. Further public notices were received by the planning authority on the 1st day of October, 2020.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the provisions of the Dún Laoghaire Rathdown County Development Plan 2016-2022, the pattern of development in the area and to the nature, form, scale and design of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to the planning authority on the 1st day of October, 2020, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed dwelling shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. Drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. Prior to commencement of development, the developer shall enter into water and/or wastewater connection agreement(s) with Irish Water.

Reason: In the interest of public health.

5. Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001, and any statutory provision replacing or amending them, no development falling within Class 1 or Class 3 of Schedule 2, Part 1 of those Regulations shall take place within the curtilages of the existing or proposed houses without a prior grant of planning permission.

Reason: In order to ensure that a reasonable amount of rear garden space is retained for the benefit of the occupants of the new and existing dwellings.

6. (a) The width of the proposed new vehicular entrance shall be a maximum of 3.5 metres and the footpath shall be dished at the road junction in accordance with the requirements of the planning authority. Details of the location and materials to be used in such dishing shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.
- (b) The existing tree(s) in the grass verge in front of/adversely effected by the proposed new vehicular entrance shall be replaced at the applicant's own expense with new semi-mature tree(s) of the same type at a location to be agreed with the planning authority and to the satisfaction of the planning authority. With regard to the new replacement tree(s), the applicant must contact the planning authority to ascertain the required specifications for such works, and any required permits.

Reason: In the interests of public safety and residential amenity.

7. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

9. The developer shall pay to the planning authority a financial contribution in respect of extension of Luas Line B1 – Sandyford to Cherrywood in accordance with the terms of the Supplementary Development Contribution Scheme made by the planning authority under section 49 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Supplementary Development Contribution Scheme made under section 49 of the Act be applied to the permission.
