

Planning and Development Acts 2000 to 2020

Planning Authority: Dún Laoghaire - Rathdown County Council

Planning Register Reference Number: D20A/0556

Appeal by Paula Kearns and Anthony O'Meara care of Michael Halligan Planning Consultants of Seapoint House, Balbriggan, County Dublin against the decision made on the 5th day of November, 2020 by Dún Laoghaire-Rathdown County Council to grant subject to conditions a permission to Peter Grealis care of Roger Hofler Architects of 129 Lower Georges Street, Dún Laoghaire, County Dublin in accordance with plans and particulars lodged with the said Council:

Proposed Development: Additions to an approved planning permission granted under planning register reference number D20A/0242 to a single storey two bed semi-detached cottage. The additions are as follows: (1) demolition of single storey extension and build new lounge/dining room to the south side of the cottage (no change to roof ridge heights), (2) new first floor dormer to accommodate two bedrooms to east side of cottage, (3) internal alterations, (4) roof lights to west roof at Ross Cottage, Seafield Road, Killiney, County Dublin. Further public notices were received by the planning authority on the 14th day of October, 2020.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the provisions of the current Dún Laoghaire-Rathdown County Development Plan 2016-2022, the existing pattern of development in the area, and to the nature, form, scale and design of the proposed development, the Board considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 14th day of October, 2020, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise and dust management measures, car parking arrangements, and off-site disposal of construction/demolition waste.

Reason: In the interest of traffic safety and to protect the amenities of the area.

5. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: To protect the amenities of the area.

6. Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001, and any statutory provision replacing or amending them, no development falling within Class 1 or Class 3 of Schedule 2, Part 1 of those Regulations shall take place within the curtilage of the house, without a prior grant of planning permission.

Reason: In the interest of the amenities of the area.

7. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
