**Board Order**  
**ABP-310021-21**

---

**Planning and Development Acts 2000 to 2020**

**Planning Authority: Kerry County Council**

**Planning Register Reference Number: 21/102 (Killarney)**

**Appeal** by Nuala McDonnell and Tim Coffey care of Griffin Project Management of 51 New Street, Killarney, County Kerry against the decision made on the 1<sup>st</sup> day of April, 2021 by Kerry County Council to grant subject to conditions a permission to Patrick and Rosalie O'Reilly care of Healycorneilius Design Limited of Studio15, KTI Centre, Deerpark, Killarney, County Kerry in accordance with plans and particulars lodged with the said Council:

**Proposed Development:** Construction of a detached two-storey dwelling house served by connection to existing mains surface and foul water services together with all associated site works at 92 Lackabane Village, Fossa, Killarney, County Kerry.

## **Decision**

**GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.**

## **Matters Considered**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

## **Reasons and Considerations**

Having regard to the planning history of the site, to the location of the site within an established housing area in close proximity to Killarney Town, and to the national and local policy objectives to encourage increased densities in such locations, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual or residential amenities of the area and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to the planning authority on the 16<sup>th</sup> day of March, 2021, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The proposed development shall be amended insomuch that the living/dining room window on the western elevation shall be replaced with a high-level window without louvres.

Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of residential amenity.

3. Prior to commencement of development, the developer shall enter into water and wastewater connection agreements with Irish Water.

**Reason:** To ensure that satisfactory water and wastewater arrangements are in place to serve the development.

4. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

5. Details of the materials, colours, and textures of all the external finishes to the proposed dwelling shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

6. Notwithstanding the provisions of Article 10(4) of the Planning and Development Regulations 2001, or any statutory provision modifying or replacing them, no room in the proposed dwelling unit shall be used for the purpose of providing overnight paying guest accommodation without a prior grant of planning permission.

**Reason:** In the interest of residential amenity.

7. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interest of visual and residential amenity.

8. The landscaping scheme on the drawing entitled Proposed Site Layout Plan, as submitted to the planning authority on the 9<sup>th</sup> day of February 2021, shall be carried out within the first planting season following substantial completion of external construction works.

All planting shall be adequately protected from damage until established. Any plants which die, are removed, or become seriously damaged or diseased, within a period of five years from the completion of the development or until the development is taken in charge by the local authority, whichever is the sooner, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

**Reason:** In the interests of residential and visual amenity.

9. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

10. The construction of the development shall be managed in accordance with a Construction and Environmental Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

**Reason:** In the interests of public safety and residential amenity.

11. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
