REASONS AND CONSIDERATIONS

Having regards to:

- (i) The nature and scale of the Strategic Housing Development permitted under An Bord Pleanála Reference Number ABP-301991-18 for this site, which includes the construction of 413 number apartments, neighbourhood centre, creche, road improvement works including upgrades to the Mahon Link Road (R852) to the North of the N40 interchange to incorporate a dedicated bus lane and all site development works,
- (ii) the examination of the environmental impact, including in relation to European Sites, carried out in the course of that application.
- (iii) the limited nature, scale and extent of the alterations,
- (iv) the absence of any significant new or additional environmental concerns including in relation to European Sites arising as a result of the proposed alterations, and
- (v) the report of the Planning Inspector.

It is considered that the proposed alterations to the permitted development would be generally in accordance with the provisions of the Cork City Development Plan 2015-2021, would not be likely to give rise to impacts on the surrounding area that significantly differed from those that were considered before permission was granted and would not injure the character of the permitted development or the level of amenity that it would afford its occupants. The requested alterations would, therefore, be in keeping with the proper planning and sustainable development of the area.
