Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the provisions of the National Planning Framework, the Cavan County Development Plan 2014-2020, the Telecommunications Antennae and Support Structures – Guidelines for Planning Authorities (1996) and associated Circular Letter PL07/12, the existing pattern of development in the area, and the nature and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.
