Board Order
ABP-310916-21

Planning and Development Acts 2000 to 2020

Planning Authority: Dún Laoghaire-Rathdown County Council

Planning Register Reference Number: D21B/0161

Appeal by Stephen and Eimear Ryan care of Marston Planning Consultancy of 23 Grange Park, Foxrock, Dublin against the decision made on the 25th day of June, 2021 by Dún Laoghaire-Rathdown County Council to grant subject to conditions a permission to Ellen Gleeson and Eoin O'Connor care of Scullion Architects of 10 Herbert Street, Dublin in accordance with plans and particulars lodged with the said Council:

Proposed Development: Renovation and extension of the existing single-storey dwelling to include demolition of existing porch, roof and a chimney, addition of new second storey, new hipped roof with red plain tile and rooflights, new entrance porch, new external wall finishes of brick and stone to front and sides and render to rear, closing up existing side door, modifications to existing windows to front and rear, new external doors and windows, obscured glazed side window and all associated site, drainage and landscaping works at 1 Woodbine Park, Trimblestown, Blackrock, County Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Matters Considered

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Reasons and Considerations

Having regard to the provisions of the Dún Laoghaire-Rathdown County Development Plan 2016 – 2022 and the zoning of the site for residential purposes, to the location of the site in an established, serviced, urban area within walking distance of public transport and to the nature, form, scale, density and design of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 4th day of June 2021, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Prior to commencement of development, the developer shall provide, for the written agreement of the planning authority, full details of the proposed external design/ finishes in the form of samples and on-site mock-ups. These details shall include photomontages, colours, textures, and specifications.

Reason: In the interest of visual amenity.

3. The proposed development shall be amended as follows:
 - (a) The window at first floor level in the western elevation shall be permanently fitted with obscured glazing.
 - (b) The en-suite window in the northern elevation shall be permanently fitted with obscured glazing.

Revised drawings showing compliance with these requirements shall be submitted to and agreed in writing with the planning authority prior to the commencement of development.

Reason: In the interest of residential amenity.

4. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

5. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the "Best Practice Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects", published by the Department of the Environment, Heritage and Local Government in July 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

Reason: In the interest of sustainable waste management.

6. All necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works.

Reason: To protect the amenities of the area.

7. All service cables associated with the proposed development (such as electrical, communal television, telephone and public lighting cables) shall be run underground within the site.

Reason: In the interest of orderly development and the visual amenities of the area.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
