Having regard to the location of the site on residentially zoned lands, the infill nature of the site, the pattern of development in the vicinity, and the design, layout and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, would represent an appropriate residential density, and would comply with the provisions of the Wicklow County Development Plan 2022-2028 wherein the zoning principles for existing residential areas provides that infill development shall generally be at a density that respects the established character of the area in which it is located, subject to the protection of the residential amenity of adjoining properties.
