## Board Order ABP-314355-22

**Planning and Development Acts 2000 to 2022**

**Planning Authority: Limerick City and County Council**

**Planning Register Reference Number: 21/1217**

**Appeal** by Baunacloka Residents care of AK Planning and Development Limited of Millside, Mill Road, Corbally, Limerick and by Homeland QCM Limited care of Coakley O'Neill Town Planning of NSC Campus, Mahon, Cork and by Sean O'Grady care of MacMahon and Hardiman, Consulting Engineers Limited of 8 The Grove, Dooradoyle Road, Limerick against the decision made on the 22<sup>nd</sup> day of July, 2022 by Limerick City and County Council to grant subject to conditions a permission to the said Homeland QCM Limited in accordance with plans and particulars lodged with the said Council.

**Proposed Development:** Construction on Site B of 99 number residential units comprising 10 number four-bed semi-detached dwellings, two number four-bed detached dwellings, one number four-bed semi-detached dwelling, 30 number three-bed semi-detached dwellings, three number three-bed terraced dwellings, two number three-bed detached dwellings, four number two-bed terraced dwellings, a four-storey apartment building comprising 16 number two-bed units, eight number duplex apartments comprising 16 number two-bed units, five number triplex apartments comprising 11 number one-bed units and four number two-bed units, all with associated secure bicycle parking and bin storage. The development will also include 159 number car parking spaces, public lighting, landscaping, amenity open space area and all associated site and infrastructural works, including water, foul and

surface water drainage services with associated connections and attenuation proposals. Vehicular access will be via a new roadway, which forms part of the proposed development, incorporates new junctions, footpaths, cycle lanes, parking and landscaping and, on completion, will become part of the proposed Mungret Link Road and link to the R510, all at Mungret Gate, Baunacloka, Mungret, County Limerick.

## **Decision**

**GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.**

## **Reasons and Considerations**

Having regard to the policies and objectives of the Limerick Development Plan 2022-2028, including the zoning objective 'New Residential' for the site, and the design and layout of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential amenities of the area, would not be prejudicial to public health, and would be acceptable in terms of traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## **Appropriate Assessment Screening**

The Board noted that the proposed development is not directly connected with or necessary to the management of a European site. In completing the screening for Appropriate Assessment, the Board accepted and adopted the screening assessment and conclusion carried out in the Inspector's report in respect of

identification of the European sites which could potentially be affected, and the identification and assessment of the potential likely significant effects of the proposed development, either individually or in combination with other plans and projects, on these European sites in view of the site's conservation objectives, and concluded that a Stage 2 Appropriate Assessment is not required.

## Conditions

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 27<sup>th</sup> day of June, 2022, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the proposed development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. No residential unit permitted hereunder shall be occupied until the part of the LIHAF Relief Road contained within the site edged red of this permission and permitted under planning register reference number 19/8011 is completed.

**Reason:** In the interest of clarity and orderly development.

3. The proposed development shall be amended as follows:

Units numbered 06, 07, 08, 09, 10, 11 and 12 in drawing number 18253-PLA-003 Rev: J and adjacent parking shall be omitted and replaced with an area of seeded ground until such time as permission is granted for future development in this location which shall include a suitably-scaled childcare facility for residents in this development and concurrent Site A (planning authority reference number 21/1216 and ABP 314356-22). Within a timeframe to be agreed in writing with the planning authority, the applicant shall make an application for permission for such future development including a suitably-scaled childcare facility for residents in this development and concurrent Site A (planning authority reference number 21/1216 and ABP 314356-22) in this specific area or through an alternative configuration on lands within their control in this area.

**Reason:** In the interest of clarity and residential amenity.

4. Prior to commencement of development, the developer shall submit for the written agreement of the planning authority details and location of additional bicycle storage shelters in accordance with the requirements outlined in Table DM 9(a) of the Limerick Development Plan 2022-2028.

**Reason:** To provide sufficient bicycle storage facilities within the proposed development and in the interest of sustainable travel.

5. Details of the materials, colours and textures of all external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

6. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

7. The developer shall enter into water and wastewater connection agreements with Uisce Éireann (formerly Irish Water) prior to commencement of development. Any such agreement shall ensure the continuity of water supply to the existing houses to the west of the site that is the subject of this permission.

**Reason:** In the interest of public health.

8. The site shall be landscaped in accordance with a comprehensive scheme of landscaping, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

**Reason:** In the interest of residential and visual amenity.

9. A minimum of 10% of all communal car parking spaces shall be provided with functioning EV charging stations/points, and ducting shall be provided for all remaining car parking spaces, including in-curtilage spaces, facilitating the installation of EV charging points/stations at a later date. Where proposals relating to the installation of EV ducting and charging stations/points has not been submitted with the application, in accordance with the above noted requirements, such proposals shall be submitted to, and agreed in writing with, the planning authority prior to the occupation of the development.

**Reason:** To provide for and/or future proof the development such as would facilitate the use of Electric Vehicles.

10. The internal road network serving the proposed development, including the turning areas, footpaths and kerbs, shall comply with the detailed standards of the planning authority for such road works.

**Reason:** In the interest of amenity and of traffic and pedestrian safety.

11. The developer shall facilitate the preservation, recording and protection of archaeological materials or features that may exist within the site. In this regard, the developer shall -
- (a) notify the planning authority in writing at least four weeks prior to the commencement of any site operations (including hydrological and geotechnical investigations) relating to the proposed development,
  - (b) employ a suitably qualified archaeologist who shall monitor all site investigations and other excavation works, and
  - (c) provide arrangements, acceptable to the planning authority, for the recording and for the removal of any archaeological material which the planning authority considers appropriate to remove.

In default of agreement on any of these requirements, the matter shall be referred to An Bord Pleanála for determination.

**Reason:** In order to conserve the archaeological heritage of the site and to secure the preservation and protection of any remains that may exist within the site.

12. Proposals for an estate/street name, house and apartment numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house/apartment numbers, shall be provided in accordance with the agreed scheme. The proposed name(s) shall be based on local historical or topographical features, or other alternatives acceptable to the planning authority. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).

**Reason:** In the interest of urban legibility and to ensure the use of locally appropriate place names for new residential areas.

13. Public lighting shall be provided in accordance with a scheme, which shall include lighting along pedestrian routes through open spaces, details of which shall be submitted to, and agreed in writing with, the planning authority prior to installation of lighting. Such lighting shall be provided prior to the making available for occupation of any residential unit.

**Reason:** In the interest of amenity and public safety.

14. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. The cables shall avoid roots of trees and hedgerows to be retained in the site. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interest of visual and residential amenity.

15. A plan containing details for the management of waste within the development, including the provision of facilities for the storage, separation and collection of the waste and, in particular, recyclable materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

**Reason:** To provide for the appropriate management of waste and, in particular, recyclable materials, in the interest of protecting the environment.

16. Prior to commencement of development, the developer shall submit to, and agree in writing with, the planning authority a properly constituted Owners' Management Company. This shall include a layout map of the permitted development showing the areas to be taken in charge and those areas to be maintained by the Owner's Management Company. Membership of this company shall be compulsory for all purchasers of property in the apartment blocks. Confirmation that this company has been set up shall be submitted to the planning authority prior to the occupation of the first residential unit.

**Reason:** To provide for the satisfactory completion and maintenance of the development in the interest of residential amenity.

17. Prior to commencement of development, the developer, or any agent acting on its behalf, shall prepare a Resource Waste Management Plan (RWMP) as set out in the EPA's Best Practice Guidelines for the Preparation of Resource and Waste Management Plans for Construction and Demolition Projects (2021) including demonstration of proposals to adhere to best practice and protocols. The RWMP shall include specific proposals as to how the RWMP will be measured and monitored for effectiveness; these details shall be placed on the file and retained as part of the public record. The RWMP shall be submitted to the planning authority for written agreement prior to commencement of development. All records (including for waste and all resources) pursuant to the agreed RWMP shall be made available for inspection at the site office at all times.

**Reason:** In the interest of sustainable waste management.

18. The construction of the proposed development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the proposed development, including:
- (a) Location of the site and materials compounds, including areas identified for the storage of construction refuse, areas for construction site offices and staff facilities, site security fencing and hoardings, and car parking facilities for site workers during the course of construction.
  - (b) The timing and routing of construction traffic to and from the construction site and associated directional signage, to include proposals to facilitate the delivery of abnormal loads to the site, measures to obviate queuing of construction traffic on the adjoining road network, and measures to prevent the spillage or deposit of clay, rubble or other debris on the public road network.
  - (c) Details of the implementation of appropriate mitigation measures for noise, dust and vibration, and monitoring of such levels.
  - (d) Means to ensure that surface water run-off is controlled such that no silt or other pollutants enter local surface water sewers or drains. The measures detailed in the construction management plan shall have regard to guidance on the protection of fisheries during construction works prepared by Inland Fisheries Ireland. A record of daily checks that the works are being undertaken in accordance with the Construction Management Plan shall be kept for inspection by the planning authority.

**Reason:** In the interest of amenities, public health and safety.

19. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays, inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays or public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

20. Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

**Reason:** To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.

21. Prior to the commencement of any house or duplex unit in the development, as permitted, the applicant or any person with an interest in the land shall enter into an agreement with the planning authority (such agreement shall specify the number and location of each house or duplex unit) pursuant to Section 47 of the Planning and Development Act 2000, as amended, that restricts all houses and duplex units permitted to first occupation by individual purchasers i.e. those not being a corporate entity, and/or by those eligible for the occupation of social and/or affordable housing, including cost rental housing.

**Reason:** To restrict new housing development to use by persons of a particular class or description in order to ensure an adequate choice and supply of housing, including affordable housing, in the common good.

22. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the planning authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the planning authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

**Reason:** To ensure the satisfactory completion and maintenance of the development until taken in charge.

23. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
