Board Order
ABP-314480-22

Planning and Development Acts 2000 to 2022

Planning Authority: Cork City Council

Planning Register Reference Number: T.P. 22/40889

Appeal by Richard and Brenda Cooper of Glencree, Norwood Court, Rochestown, Cork against the decision made on the 4th day of August, 2022 by Cork City Council to grant subject to conditions a permission to Maura O'Brien care of Mulcahy Ralph Architects of Unit 206, Acorn Business Centre, Mahon Industrial Estate, Cork in accordance with plans and particulars lodged with the said Council.

Proposed Development: The construction of two number detached two storey dwellings, (each served by new separate vehicular entrances) together with all associated works on lands at 20 Charlemont Heights, Coach Hill, Monfieldstown, Cork.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the zoning objective of the site in the Cork City Development Plan 2022-2028, to the design and scale of the proposed development, to the infill nature of the site, and to the pattern of development in the vicinity, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area or of property in the vicinity, would represent an appropriate residential density, would not result in overbearing or overshadowing impacts, and would comply with the relevant provisions of the Cork City Development Plan 2022-2028, the National Planning Framework, and the Sustainable Residential Development in Urban Areas, Guidelines for Planning Authorities. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 13th day of July 2022, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all external finishes, shall be as indicated on the drawings, unless otherwise agreed in writing with the planning authority.

Reason: In the interests of orderly development and the visual amenities of the area.

3. Drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. The developer shall enter into water and wastewater connection agreement(s) with Uisce Éireann prior to the commencement of this development.

Reason: In the interest of orderly development.

5. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development. All existing over ground cables shall be relocated underground as part of the site development works.

Reason: In the interests of visual and residential amenity.

6. In-curtilage car parking spaces serving residential units shall be provided with electric connections to the exterior of the houses to allow for the provision of future electric vehicle charging points. Details of how it is proposed to comply with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: To provide for and/or future proof the development such as would facilitate the use of electric vehicles.

7. The name and numbering of the dwellings shall be in accordance with a naming and numbering scheme which shall be submitted to, and agreed in writing, with the planning authority, prior to the occupation of the dwellings.

Reason: In the interest of orderly street numbering.

8. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including tree protection measures, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

9. Site development and building works shall be carried out only between the hours of 0700 to 1800 Mondays to Fridays inclusive, 0800 to 1400 on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

10. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
