Board Order
ABP-315135-22

Planning and Development Acts 2000 to 2021

Planning Authority: South Dublin County Council

Planning Register Reference Number: SD22B/0091

Appeal by Liam Grant of 191 Castle Park, Tallaght, Dublin against the decision made on the 24th day of October, 2022 by South Dublin County Council to grant permission subject to conditions to Caroline Cummins care of Desmond J. Halpin and Associates of 15 Carriglea Drive, Firhouse, Dublin in accordance with plans and particulars lodged with the said Council.

Proposed Development: Single storey extension with tiled roof to the front and first floor extension with a tiled roof over existing rear extension to the existing two-storey end of terraced dwelling with alterations to existing rear extension tiled roof, new high-level window in existing gable wall structure, internal alterations and associated site works, all at 192 Castle Park, Tallaght, Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the provisions of South Dublin County Development Plan 2022-2028, the nature and scale of the proposed development, and the prevailing pattern and character of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual or residential amenities of the area or of property in the vicinity, and would provide an acceptable standard of amenity for future residents. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 27th day of September, 2022, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The existing dwelling and the proposed extension shall be jointly occupied as a single residential unit and the extension shall not be used, sold, let or otherwise transferred or conveyed, save as part of the dwelling.

Reason: To restrict the use of the extension in the interest of residential amenity.

3. The glazing to all bathroom and en-suite windows shall be manufactured opaque or frosted glass and shall be permanently maintained. The application of film to the surface of clear glass is not acceptable.

Reason: In the interest of residential amenity.

4. The external finishes of the proposed extension shall match those of the existing dwelling in respect of materials and colour.

Reason: In the interest of the visual amenities of the area.

5. All soil and white wastewater pipes shall be contained within the site boundary and not oversail or overhang neighbouring property.

Reason: In the interests of visual amenity.

6. The disposal of surface water shall comply with the requirements of the planning authority for such works and services. Prior to commencement of development, the developer shall submit to and agree in writing with the planning authority details for the disposal of surface water from the site, including a CCTV survey of existing waste and surface water drains within the site.

Reason: To prevent flooding and in the interest of sustainable drainage.

7. (a) All works, including separation distances between the existing Irish Water assets and proposed structures, shall comply with the Irish Water Standard Details and Codes of Practice for water and wastewater infrastructure.

- (b) Any proposal by the developer to build over or divert existing water or wastewater services shall be submitted to and agreed in writing with Irish Water prior to commencement of development, and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of public health and to ensure adequate water/wastewater facilities.

8. Site development and building works shall be carried out between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written agreement has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.
