## Reasons and Considerations

The location of the site on lands zoned ME Metro Economic Corridor for a mixture of uses, including for residential, falls within the scope of the criteria set out under section 653B of the Taxes Consolidation Act 1997, as amended. The site falls within the scope of vacant or idle required for mixed use land uses as required under section 653B (c)(ii). The connection to water, foul drainage and surface water infrastructure has been determined to be feasible with no capacity issues. There are existing roads and footpaths in the area that can be connected to the subject site. The site is not constrained by any contamination or presence of known archaeological or historical remains. The site satisfies the criterion for inclusion on the map set out under section 653B(c) of the Taxes Consolidation Act 1997, as amended.
