Board Order ABP-318889-24

Planning and Development Acts 2000 to 2022

Planning Authority: Louth County Council

Planning Register Reference Number: 2360028

Appeal by James Lambe of 31 Georgian Close, Drogheda, County Louth, against the decision made on the 14th day of December, 2023 by Louth County Council to grant, subject to conditions, a permission to Kieran Carr care of McKevitt King Architects of 50 North Road, Drogheda, County Louth in accordance with plans and particulars lodged with the said Council.

Proposed Development: The proposed development comprises (1) demolition of existing car workshop and outbuilding stores; (2) construction of 10 number residential units within one number three storey block (consisting of five number one-bed apartments, five number two-bed duplex dwellings); (3) new bicycle parking, bin store, boundary treatments, hard and soft landscaping; (4) all associated site development and infrastructure works, all at Gravel Walk, Drogheda, County Louth. The proposed development was revised by further public notices received by the planning authority on the 27th day of September 2023. The details included revisions to fenestration of front elevation, to the floor plans and private amenity space, and to the red line boundary. It also included a proposed upgrade to the public footpath along George's Street, a proposed upgrade to the public lighting and all associated works.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the nature and scale of development, the site location close to the town centre and with access to public transport routes, the existing pattern of development in the area, the Sustainable Urban Housing Design Standards for New Apartments Guidelines for Planning Authorities (2022), and the provisions of the Louth County Development Plan 2021-2027, it is considered that, subject to compliance with the conditions set out below, the proposed development would provide for an acceptable form and scale of development on this central brownfield site, would not seriously injure the amenities of residential property in the vicinity and would be acceptable in terms of traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 27th day of September 2023 and the 27th day of November 2023, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

P.C.

Reason: In the interest of clarity.

2. Prior to the commencement of any house or duplex unit in the development as permitted, the applicant or any person with an interest in the land shall enter into an agreement with the planning authority (such agreement must specify the number and location of each house or duplex unit), pursuant to Section 47 of the Planning and Development Act 2000, as amended, that restricts all houses and duplex units permitted, to first occupation by individual purchasers i.e. those not being a corporate entity, and/or by those eligible for the occupation of social and/or affordable housing, including cost rental housing.

Reason: To restrict new housing development to use by persons of a particular class or description in order to ensure an adequate choice and supply of housing, including affordable housing, in the common good.

3. Prior to commencement of development, the developer shall prepare a Resource Waste Management Plan (RWMP) as set out in the Environmental Protection Agency's Best Practice Guidelines for the Preparation of Resource and Waste Management Plans for Construction and Demolition Projects (2021), including demonstration of proposals to adhere to best practice and protocols. The RWMP shall include specific proposals as to how the RWMP will be measured and monitored for effectiveness; these details shall be placed on file and retained as part of the public record. The RWMP shall be submitted to the planning authority for written agreement prior to commencement of development. All records (including for waste and all resources) pursuant to the agreed RWMP shall be made available for inspection at the site office at all times.

Reason: In the interests of sustainable waste management.

4. (a) A plan containing details for the management of waste (and, in particular, recyclable materials) within the development, including the provision of

facilities for the storage, separation and collection of the waste and, in particular, recyclable materials and for the ongoing operation of these facilities for each apartment unit shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, the waste shall be managed in accordance with the agreed plan.

- (b) This plan shall provide for screened communal bin stores, the locations and designs of which shall be included in the details to be submitted.

Reason: In the interest of residential amenity, and to ensure the provision of adequate refuse storage.

5. The construction of the development shall be managed in accordance with a Construction Environmental Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including inter alia, noise and dust management measures, traffic management strategy, surface and groundwater protection measures, containment measures to deal with potential adverse impacts (pollution risks, invasive species control).

Reason: In the interests of amenities, public health and safety.

6. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays and between 0800 and 1400 hours on Saturdays, and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

7. Prior to commencement of development, the developer shall enter into water and/or wastewater connection agreements with Uisce Éireann.

Reason: In the interest of public health.

8. Drainage arrangements including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority.

Reason: In the interests of public health and surface water management.

9. All recommendations set out in the submitted Architectural Heritage Impact Assessment shall be fully implemented.

Reason: In the interests of protection of industrial heritage.

10. All mitigation measures as stated in the submitted bat survey report shall be fully implemented.

Reason: In the interest of the protection of bats.

11. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company or such other security as may be accepted in writing by the planning authority, to secure the protection of the trees on site and to make good any damage caused during the construction period, coupled with an agreement empowering the planning authority to apply such security, or part thereof, to the satisfactory protection of any tree or trees on the site or the replacement of any such trees which die, are removed or become seriously damaged or diseased within a period of three years from the substantial completion of the development with others of similar size and species. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

P.C.

Reason: To secure the protection of the trees on the site.

12. Proposals for a development name and numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all such names and numbering shall be provided in accordance with the agreed scheme. The proposed name(s) shall be based on local historical or topographical features, or other alternatives acceptable to the planning authority. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).

Reason: In the interest of urban legibility and to ensure the use of locally appropriate placenames for new residential areas.

13. Public lighting shall be provided in accordance with a scheme, which shall include lighting along pedestrian routes through the communal open spaces, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development/installation of lighting.

Reason: In the interests of amenity and public safety.

14. All service cables associated with the proposed development such as electrical, telecommunications and communal television shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

Reason: In the interests of visual and residential amenity.

15. Prior to commencement of development, the developer or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2)

and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.

Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the plan of the area.

16. The management and maintenance of the proposed development following its completion shall be the responsibility of a legally constituted management company, or by the local authority in the event of the development being taken in charge. Detailed proposals in this regard shall be submitted to, and agreed in writing with, the planning authority prior to occupation of the development.

Reason: To ensure the satisfactory completion and maintenance of this development until taken in charge.

17. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

P.C.

Reason: To ensure the satisfactory completion and maintenance of the development.

18. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Contribution Scheme made under section 48 of the Act be applied to the permission.
