Cinneadh

Cead a DHEONÚ don forbairt bheartaithe thusa i gcomhréir leis na pleananna agus na sonraí luaite, bunaithe ar na cúiseanna agus na cúinsí faoi bhun agus faoi réir na gcoinníollacha atá leagtha amach thíos.

Cúiseanna agus Cúinsí

Ag féachaint do láthair an láithreáin laistigh de 'limistéar foirgnithe láithreach' Bhearna ar thailte criosaithe agus seirbhísithe, don chead pleanála atá ar marthain ón mBord le haghaidh forbairt chónaithe ar an láithreán, do na forálacha de Phlean Forbartha Contae na Gaillimhe 2022-2028 agus de Phlean Lonnaíochta Ceannchathartha Bhearna 2022-2028, go háirithe cuspóir beartais SSP1 maidir le tacú le ról an fháis laistigh de na lonnaíochtaí

Phlean Straitéisigh Limistéir Cheannchathartha agus cuspóir beartais BMSP1 laistigh den Phlean Lonnaíochta maidir le pobail chónaithe inbhuanaithe a sholáthar, don phatrún forbartha cónaithe sa limistéar agus do chineál agus scála measartha beag na leasuithe beartaithe, meastar, maidir leis an bhforbairt bheartaithe, faoi réir na coinníollacha atá leagtha amach thíos a chomhlíonadh, go mbeadh sí i gcomhréir le Croí-Straitéisí agus Straitéisí Lonnaíochta an Phlean Forbartha, go bhfuil acmhainn ann laistigh den bhoneagar píobaithe seirbhíse uisce, go bhfuil dlús beartaithe na forbartha cuí agus nach gcruthódh an fhorbairt guais tráchta ná riosca tuilte ar an láithreán ná laistigh de thailte cóngaracha agus nach ndéanfadh sí díobháil thromchúiseach do thaitneamhachtaí cóngaracha ná don limistéar. Dá bhrí sin, bheadh an fhorbairt bheartaithe i gcomhréir le pleanáil chuí agus forbairt inchothaithe an limistéir.

Measúnacht Chuí - Céim 1

Chuir an Bord cleachtadh scagtha Measúnachta Cuí i gcrích i ndáil leis na héifeachtaí a d'fhéadfadh a bheith ag an bhforbairt bheartaithe ar láithreáin Eorpacha ainmnithe, agus aird á tabhairt ar chineál, scála agus láthair na forbartha beartaithe laistigh de láithreán atá seirbhísithe go leordhóthanach, ar an Tuarascáil maidir le Scagadh Measúnachta Cuí a cuireadh isteach in éineacht leis an iarratas, ar an Tuarascáil ón gCigire, agus ar na haighneachtaí a bhí ar comhad. Agus an cleachtadh scagtha á chur i gcrích aige, ghlac an Bord an tuarascáil ón gCigire, agus tháinig sé ar an gconclúid nár dhócha go mbeadh éifeacht shuntasach ag an bhforbairt bheartaithe, aisti féin nó i gcomhcheangal le forbairt eile sa chomharsanacht, ar aon láithreán Eorpach i bhfianaise chuspóirí caomhantais na láithreán sin, seachas Limistéar Caomhantais Speisialta Choimpléasc Chuan na Gaillimhe (Cód Láithreáin: 000268) agus Limistéar Cosanta Speisialta Chuan na Gaillimhe Istigh (Cód Láithreáin: 004031), arb iad na haon Láithreán Eorpacha amháin a d'fhéadfadh a bheith faoi réir éifeachtaí suntasacha.

Measúnacht Chuí - Céim 2

Rinne an Bord breithniú ar Ráiteas Tionchair Natura agus ar gach aighneacht iomchuí eile, lenar áiríodh aighneachtaí a fuarthas ó shaineolaithe, agus rinne sé Measúnacht Chuí ar impleachtaí na forbartha beartaithe do Limistéar Caomhantais Speisialta Choimpléasc Chuan na Gaillimhe (Cód Láithreáin: 000268) agus do Limistéar Caomhantais Speisialta Chuan na Gaillimhe Istigh (Cód Láithreáin: 004031), i bhfianaise Chuspóirí Caomhantais na láithreán. Mheas an Bord gur leor an fhaisnéis a bhí os a chomhair chun measúnacht iomlán a dhéanamh ar na gnéithe uile den fhorbairt bheartaithe i ndáil le Cuspóirí Caomhantais na láithreán, agus leas á bhaint as an eolas eolaíoch is fearr atá ar fáil sa réimse.

Agus an mheasúnacht á cur i gcrích aige, rinne an Bord breithniú ar leith ar na nithe seo a leanas:

- (a) na tionchair dhíreacha agus indíreacha ar dóigh dóibh teacht as an bhforbairt bheartaithe, aisti féin nó in éineacht le pleannána nó tionscadail eile,
- (b) na bearta maolaithe atá ar áireamh sa togra reatha,
- (c) na cuspóirí caomhantais do na láithreáin Eorpacha, agus
- (d) an tuarascáil ón gCigire Pleanála.

Agus an Mheasúnacht Chuí á cur i gcrích aige, ghlac an Bord leis an Measúnacht Chuí a rinneadh sa tuarascáil ón gCigire maidir leis na héifeachtaí a d'fhéadfadh a bheith ag an bhforbairt bheartaithe ar na Láithreáin Eorpacha réamhluaithe, agus ghlac sé an mheasúnacht sin, agus aird á tabhairt ar chuspóirí caomhantais na láithreán.

Sa chonclúid fhioriomlán uaidh, ba dheimhin leis an mBord nach ndéanfadhbh an fhorbairt bheartaithe, aisti féin nó in éineacht le pleananna nó tionscadail eile, dochar do shláine na Láithreán Eorpach, i bhfianaise chuspóirí caomhantais na Láithreán. Tá an chonclúid sin bunaithe ar mheasúnacht iomlán ar na gnéithe uile den fhorbairt bheartaithe, agus níl aon amhras eolaíoch réasúnach ann maidir le héifeachtaí dochracha a bheith in easnamh.

Appeal by Gabriel McGoldrick of 6 Cnoc Fraoigh, Bearna, County Galway against the decision made on the 2nd day of February, 2024 by Galway County Council to grant subject to conditions a permission to Burkeway Homes Limited care of MKO of Tuam Road, Galway in accordance with plans and particulars lodged with the said Council.

Proposed Development: (1) Amendments to a previously permitted development under reference ABP-308431-20 comprising the replacement of Apartment Blocks A1 and A2 (consisting of nine number one-bed and 18 number two-bed apartment units) with a new duplex style Apartment Block A5 (consisting of four number two-bed apartment units); (2) minor amendments to the finished floor level of Apartment Blocks A3 and A4 as permitted under reference ABP-308431-20; (3) the provision of 17 number houses comprising 13 number four-bed detached houses, two number four-bed terraced houses and two number three-bed terraced houses; (4) the provision of a bridge structure to support a new internal pedestrian and vehicular access road to connect to the access road permitted under reference ABP-308431-20; (5) minor amendments to the car parking and footpath layout as permitted under reference ABP-308431-20 and (6) provision of communal open space, private open space, site landscaping and boundary treatments, public lighting, resident and visitor car parking, electric vehicle charging points, bicycle parking, refuse storage, pedestrian, cycle and vehicular links throughout the development and all other associated site development works at Trusky East, Bearna, County Galway, as amended by the further public notices received by the planning authority on the 1st day of December, 2023.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the location of the site within the ‘existing built up area’ of Bearna on zoned and serviced lands, the extant planning permission for residential development on site permitted by the Board, the provisions of the Galway County Development Plan 2022-2028 and the Bearna Metropolitan Settlement Plan 2022-2028, specifically policy Objective SS1 regarding supporting the role of growth within the MASP settlements and BMSP1 within the Settlement Plan in relation to the provision of Sustainable residential communities, the pattern of residential development in the area, and the nature and relatively modest scale of the proposed amendments, it is considered that, subject to compliance with the conditions set out below, the proposed development would be consistent with the Core and Settlement Strategies of the Development Plan, that there is capacity with the piped water service infrastructure, that the proposed density of development is appropriate and that the development would not result in the creation of a traffic hazard or a risk of flooding on site or within adjacent lands and not seriously injure the amenities of adjacent properties nor the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Appropriate Assessment Stage 1

The Board completed an Appropriate Assessment screening exercise in relation to the potential effects of the proposed development on designated European sites, taking into account the nature, scale and location of the proposed development within an adequately serviced site, the Appropriate Assessment Screening Report submitted with the application, the Inspector’s Report, and submissions on file.

In completing the screening exercise, the Board adopted the report of the Inspector and concluded that, by itself or in combination with other development in the vicinity, the proposed development would not be likely to

MH

have a significant effect on any European site in view of the conservation objectives of such sites, other than the Galway Bay Complex Special Area of Conservation (Site Code 000268) and the Inner Galway Bay Special Protection Area (Site Code 004031), which is the European Site for which likelihood of significant effects could not be ruled out.

Appropriate Assessment Stage 2

The Board considered the Natura Impact Statement and all other relevant submissions including expert submissions received and carried out an Appropriate Assessment of the implications of the proposed development on the Galway Bay Complex Special Area of Conversation (Site Code 000268) and the Inner Galway Bay Special Protection Area (Site Code 004031) in view of the site's conservation objectives. The Board considered that the information before it was sufficient to undertake a complete assessment of all aspects of the proposed development in relation to the site's conservation objectives using the best available scientific knowledge in the field.

In completing the assessment, the Board considered, in particular, the following:

- (a) the likely direct and indirect impacts arising from the proposed development both individually or in combination with other plans or projects,
- (b) the mitigation measures which are included as part of the current proposal,
- (c) the conservation objectives for the European sites, and
- (d) the report of the Planning Inspector.

In completing the Appropriate Assessment, the Board accepted and adopted the Appropriate Assessment carried out in the Inspector's report in respect of the potential effects of the proposed development on the aforementioned European Sites, having regard to the site's conservation objectives.

In overall conclusion, the Board was satisfied that the proposed development, by itself or in combination with other plans or projects, would not adversely affect the integrity of the European Sites in view of the conservation objectives of the site. This conclusion is based on a complete assessment of all aspects of the proposed project and there is no reasonable scientific doubt as to the absence of adverse effects.
