**GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.**

## **Reasons and Considerations**

Having regard to the zoning objective for the site as set out in the Dún-Laoghaire-Rathdown County Development Plan 2022-2028 and to the design and scale of the proposed dwelling, it is considered that the proposed development, subject to compliance with the conditions set out below, would constitute an acceptable form and scale of development which would integrate with the established pattern of development in the area, would not seriously injure the amenities of residential property in the vicinity and would, therefore, be in accordance with the proper planning and sustainable development of the area.

## **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise, be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The bathroom window design on the first floor of the north elevation shall be changed to a high-level window as per the first floor north facing bedrooms windows. A revised north facing elevation shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

3. The details of the materials, colours, and textures of all the external finishes of the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

4. Proposals for a naming/numbering scheme for the dwelling shall be submitted to, and agreed in writing with, the planning authority prior to the occupation of the dwelling.

**Reason:** In the interest of urban legibility.

5. Site development and building works shall be carried out only between 0700 to 1900 hours Mondays to Fridays inclusive and 0800 to 1400 on Saturdays, and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

6. The attenuation and disposal of surface water shall comply with the requirements of the planning authority for such works and services. Prior to the commencement of development, the developer shall submit details for the disposal of surface water from the site for the written agreement of the planning authority.

**Reason:** In the interest of public health and to ensure adequate water/wastewater facilities.

8. The construction of the development shall be managed in accordance with a Construction and Environmental Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise and dust management measures, waste management and recycling of materials, environmental protection measures, welfare facilities, site deliveries, complaints procedure, pest control and traffic management arrangements.

**Reason:** In the interests of public safety, environmental protection, and residential amenity.

9. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer, or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
