

Planning and Development Act 2000, as amended

Planning Authority: Dublin City Council

Planning Register Reference Number: 3326/25

Appeal by Finola Martin against the decision made on the 16th day of September, 2025 by Dublin City Council to grant, subject to conditions, a permission to Deirdre Murphy and Tom Fahey in accordance with plans and particulars lodged with the said Council.

Proposed Development: The retention of a ground floor lightwell for an exempted rear single storey extension to the existing dwelling, all associated and ancillary works at 41 Saint John's Road, Dublin.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the information submitted with the application and the nature and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would comply with the zoning objective for the site and polices with respect to residential extensions as set out in the Dublin City Development Plan 2022-2028, would not seriously injure the visual or residential amenities of the area or to adjoining properties, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be retained and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and surface water management.

3. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Mary Gurrie

Mary Gurrie

Planning Commissioner of An Coimisiún
