Commission Order
PL-500201-WC

Planning and Development Act 2000, as amended

Planning Authority: Cork County Council

Planning Register Reference Number: 25/4412

Appeal by Gerry and Tina Reynolds against the decision made on the 8th day of October, 2025 by Cork County Council to grant subject to conditions a permission to Nicola Moore and Colm Daly in accordance with plans and particulars lodged with said Council.

Proposed Development: Construction of a new detached three-storey three-bedroom dwelling with rear balcony and new garden office structure and new rear bridge with new pedestrian and vehicular entrance with two off-street car parking spaces and associated hard and soft landscaping, all at World's End, Kinsale, County Cork.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the provisions of the Cork County Development Plan 2022-2028, Volume 5 (West Cork), and Section 1.5 which refers to Kinsale, and, in particular the 'Existing Residential/Mixed Residential and Other Uses' zoning objective, and the design, layout and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not adversely impact on the character of the area or seriously injure residential or visual amenities of the area, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The proposed development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars received by the planning authority on the 12th day of September, 2025, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the proposed development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

3. Prior to commencement of development, the developer shall enter into a connection agreement(s) with Uisce Éireann to provide for a service connection(s) to the public water supply and/or wastewater collection network.

Reason: In the interest of public health and to ensure adequate water/wastewater facilities.

4. Drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and surface water management.

5. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays, inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays or public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

6. Prior to commencement of development, the developer shall submit to, and agree in writing with, the planning authority a Construction Management Plan, which shall be adhered to during construction. This plan shall provide details of intended construction practice for the proposed development, including noise and dust management measures and off-site disposal of construction/demolition waste.

Reason: In the interest of public safety and amenity.

7. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground.

Reason: In the interest of visual and residential amenity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
