Commission Order
PL-500506-KY-25

Planning and Development Act 2000, as amended

Planning Authority: Kerry County Council

Planning Register Reference Number: 2560451

Appeal by Dan Dennehy against the decision made on the 26th day of November 2025, by Kerry County Council to grant, subject to conditions, a permission to Rory McCarthy in accordance with plans and particulars lodged with the said Council.

Proposed Development: Retain existing rear extensions to building and retain the existing domestic shed and all associated site works, all at number 24 Church Street, Cahersiveen, County Kerry.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the policies of the Kerry County Development Plan 2022–2028, the town-centre location of the site, the objectives of the Kenmare Municipal District Local Area Plan 2024–2030, including the M2 Town/Village Centre zoning objective which supports mixed-use development, the reuse and retention of existing buildings, and the consolidation of development within the town centre, and having regard to the nature, scale and rear-yard location of the development proposed to be retained, and the absence of adverse impacts on visual or residential amenity, it is considered that the development proposed to be retained would be acceptable. The development proposed to be retained would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The proposed development shall be retained in accordance with the plans and particulars lodged with the application except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority and the development shall be retained in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. Surface water arising from the development shall be disposed of in a manner acceptable to the planning authority. Details of the surface water disposal arrangements shall be submitted to, and agreed in writing with, the planning authority, within a period of three months from the date of this permission.

Reason: In the interests of public health and environmental protection.

3. The detached shed to be retained, located to the rear of the property, shall be used for domestic storage purposes only and shall not be used for commercial, industrial, or agricultural purposes.

Reason: To regulate the future use of the site.

4. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
