Commission Order

PL-501085-WW-26

Planning and Development Act 2000, as amended

Planning Authority: Wicklow County Council

Planning Register Reference Number: 26/60042

APPEAL by Tony and Katie Doyle against the decision made on the 12th day of March, 2026 by Wicklow County Council to refuse permission for the proposed development.

Proposed Development: The proposed development consists of: one number new four-bedroom, two-storey detached house to the rear of existing houses at number 6 Kilcoole Road, new vehicular entrances to one number proposed dwelling and existing numbers 6 and 7 dwellings allowing for sufficient sight lines onto public road, connection of dwelling to foul drain line and the provision of surface water soakaway to meet BRE Digest 365 standards for the new house and amendments to existing dividing boundaries of number 6 and 7 dwellings, all at 6 Kilcoole Road, Delgany, County Wicklow.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to: -

- (a) the provisions of the Wicklow County Development Plan 2022 2028, including Objectives CPO 6.21 and 6.22 with respect to backland development on zoned residential land,
- (b) the nature, scale, and location of the proposed development on a suburban backland site, and
- (c) the measures to ensure traffic safety regarding a shared entrance,

it is considered that the proposed development, subject to compliance with the conditions set out below, would be acceptable in terms of visual and residential amenity, and would be acceptable in terms of road safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. (a) All surface water generated within the site boundaries shall be collected and disposed of within the curtilage of the site. No surface water from roofs, paved areas or otherwise shall discharge onto the public road or adjoining properties.
- (b) The access laneway to the proposed development shall be provided with adequately sized pipes or ducts to ensure that no interference will be caused to existing roadside drainage.

Reason: In the interest of traffic safety and to prevent flooding or pollution.

3. Details of the materials, colours, and textures of all the external finishes to the proposed development and boundary treatments shall be as submitted with the application, unless otherwise agreed in writing with the planning authority.

Reason: In the interests of visual amenity and orderly development.

4. The first-floor eastern elevation bathroom and hallway windows shall be of obscure glazing.

Reason: In the interest of residential amenity.

5. No occupation of the dwelling shall take place until the shared access road, as detailed in the Proposed Site Plan (drawing number: P2.03), has been completed to the satisfaction of the planning authority.

Reason: In the interests of orderly development, road safety and to ensure that appropriate access is available to the site prior to the commencement of works.

6. The landscaping scheme shown within the Studio Glasú Report, as submitted to the planning authority on the 23rd day of January, 2026 shall be carried out within the first planting season following substantial completion of external construction works. All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

Reason: In the interests of residential and visual amenity.

7. Prior to the commencement of development, the developer shall enter into Connection Agreement(s) with Uisce Éireann (Irish Water) to provide for service connection(s) to the public water supply and/or wastewater collection network.

Reason: In the interest of public health and to ensure adequate water/wastewater facilities.

8. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground.

Reason: In the interests of visual and residential amenity.

9. Site development and building works shall be carried out only between the hours of 0700 and 1900 from Mondays to Fridays inclusive, between 0800 and 1400 hours on Saturdays and not at all on Sundays or public holidays. Deviation from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

10. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Liam McGree

Planning Commissioner of An Coimisiún
Pleanála duly authorised to authenticate
the seal of the Commission.

Dated this 21st day of JULY 2026.
