Commission Order
PL-501568-KY-26

Planning and Development Act 2000, as amended

Planning Authority: Kerry County Council

Planning Register Reference Number: 26/60273

Appeal by Seán and Marian Counihan against the decision made on the 22nd day of May, 2026 by Kerry County Council to grant, subject to conditions, a permission to Vincent Dowling in accordance with plans and particulars lodged with the said Council.

Proposed Development: (1) Refurbish and extend an existing derelict dwelling, (2) form a vehicular rear access from the Ballinorig Road and (3) construct all associated ancillary site works at 7 Quill Street, Rathass, Tralee, County Kerry.

Decision

GRANT permission for the above proposed development in accordance with the said plans and particulars based on the reasons and considerations under and subject to the conditions set out below.

Reasons and Considerations

Having regard to the 'R2' zoning objective pertaining to the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential amenities of the area or of property in the vicinity, would be acceptable from a visual amenity perspective and would generally be acceptable in terms of compliance with the criteria stipulated under Section 1.3.2, Volume 6 of the Kerry County Development Plan 2022-2028. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of all intended construction practice for the development, including measures for protection of existing mature boundary hedge, development and boundary walls, construction traffic routing and management, construction parking, materials storage, site compound, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

3. Site development and building works shall be carried only out between the hours of 0700 to 1800 Mondays to Fridays inclusive, between 0800 hours to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

4. Prior to the commencement of development, the developer shall submit for the written agreement of the planning authority:
 - (a) Details of the materials, colours and textures of all the external finishes to the proposed development.
 - (b) A comprehensive hard and soft landscaping scheme for the site to include details of all proposed boundary treatment.

Reason: In the interests of visual amenity and orderly development.

5. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

6. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Coimisiún Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
