**PROPOSED ALTERATIONS:** The relocation of the approved 220 kilovolts building, the relocation of the transformer compound, the relocation of the entrances to the 220 kilovolts building, associated minor modifications to the site layout and drainage, and the relocation of part of the palisade fence to the north and west of the substation.

### **MATTERS CONSIDERED**

In making its decision, the Board had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard.

### **REASONS AND CONSIDERATIONS**

Having regard to the terms of the development approved under section 182B of the Planning and Development Act, 2000, as amended, under An Bord Pleanála reference number 06F.VA0014 on the 12<sup>th</sup> day of February, 2013 and to the nature and limited scale of the changes now proposed, the Board was satisfied that the proposed alterations would not have any significant effect on the environment or on any European site or on the proper planning and sustainable development of the area that had not been considered prior to approving the said development.

The proposed alterations, therefore, would not constitute a material alteration of the terms of the development concerned.
