1.0 Site Location and Description

- 1.1. This Section 254 Licence application relates to a row of 2-storey period buildings, No's 5, 6, 7 and 11 on the eastern side of New Street, c25m to the north of its junction with Main Street, 'The Mall' and Church Street and c70m to the south of New Street's junction with 'The Strand', in the historic heart of Malahide town, in north County Dublin. These buildings collectively are in use as a public house (Gibney's) with ancillary off licence and residential use. The surrounding area of New Street comprises a mix of mainly café, restaurants, public houses but also includes residential and retail land uses. In recent years New Street has benefitted from public realm improvements to pedestrianise the street. Such works include the provision of plant boxes, windbreakers etc which have facilitated businesses along the street to utilise parts of the street for outdoor seating and dining.
- 1.2. The licence area relates to a section of the public domain to the front of Gibney's that is currently in use for outdoor dining. The space is occupied by tables and bounded by windbreakers and planter boxes. Historically this space was used for car parking and as a taxi/loading area as well as part of the eastern carriageway.

2.0 Proposed Development

- 2.1. On the 12th of November 2024, a licence under section 254 of the Planning and Development Act 2000, as amended, was sought for the placement of street furniture on the public domain to the front of No's 5, 6, 7 and 11 New Street, Malahide, occupied by Gibney's Public House.
- 2.2. The licence application covers an area of 126m² (42m length x 3m width) and includes for the provision of:
 - 14no. tables - described as 'IBIZA' 780mm by 780mm with steel base in a dark grey colour
 - 84no. chairs - described as 'PACIFIC' high back dual arm rest steel framed armchair in dark grey colour
 - 13 parasols, described as being supplied by Fingal County Council
 - 1 windbreaker described as being supplied by Fingal County Council.

2.3. The licence application was accompanied by:

- A plan detailing the licence area
- A letter from the applicant's insurance provider regarding the public liability insurance for the premises and confirming that Fingal County Council are indemnified against third party claims.

3.0 Planning Authority Decision

3.1. Decision

On the 20th of December 2024 – Fingal County Council granted a Section 254 Licence, for a temporary duration commencing on the 1st day of January 2025 and expiring on the 31st day of December 2025, subject to a minimum footpath clearance of 1.8m and subject to specific as well as general licence conditions pertaining to this licence. Of note the licence is described as relating to 14no. tables, 84no. chairs, 13no. parasols and 1no. windbreaker in an area given as 126m² area (Note: 3m width by 42m Length). The permitted hours of the licence are stated as 09:00hrs to 22:00hrs.

3.2. Planning Authority Reports:

3.4. Third Party Observations

None

4.0 Planning History

4.1. Subject site

ABP-312754-22: This S254 Licence permitted the placement of 27no. Tables, 54no. Chairs, 10no. Parasols and 1no. Windbreaker on an area of 80.25m² (26.75m by 3m). The licence was subject to a minimum footpath clearance of 1.8m. The specified daily hours of the licence: 11.00hrs to 21.00hrs. The licence was to expire on the 31st of May 2022.

FCC Ref. SFCOVID1935/2: This S254 Licence permitted the placement of 27no. Tables, 54no. Chairs, 10no. Parasols and 1no. Windbreaker on an area of 80.25m² (26.75m by 3m), subject to condition. The duration of this licence commenced on the 1st day of September 2021 and expired on the 31st day of December 2021.

FCC. Ref: SFCOVID1935: This S254 Licence permitted the placement of 27no. Tables, 54no. Chairs, 10no. Parasols and 1no. Windbreaker on an area of 80.25m² (26.75m by 3m), subject to condition. The duration of this licence commenced on the 7th day of June 2021 and expired on the 31st day of August 2021.

ABP-309228-21 Permission granted (2021) for extension to first floor kitchen, change of use of part of first floor office to kitchen store and retention of revised location for wheelchair accessible toilet

4.2. **Concurrent S254 Licence appeal:**

- ABP-321659-25 (P.A. Ref. No. SFL/008/2025) – ‘Fowlers Pub’, 12 New Street, Malahide, Co. Dublin (To the west on the opposite side of New Street).

4.3. **Previous ABP Decisions in respect of S254 Street Furniture Licence applications on New Street:**

- ABP-312759-22 (P.A. Ref. No. SFL/014/22) - Licence **granted** (2022) at 1 Rosses Lane, New Street, Malahide, Co. Dublin.
- ABP-312761-22 (P.A. Ref. No. SFL/015/22) – Licence **granted** (2022) at ‘A Do’, Rosses Lane, New Street, Malahide, Co. Dublin

- ABP-312656-22 (P.A. Ref. No. SFL/019/22) – Licence **granted** (2022) at 'Fowlers', 12 New Street, Malahide, Co. Dublin).
- ABP-312760-22 (P.A. Ref. No. SFL/009/22) – Licence **granted** (2022) at 'Al Fresco', New Street, Malahide, Co. Dublin
- ABP-312757-22 (P.A. Ref. No. SFL/009/22) – Licence **granted** (2022) at Unit 1, New Street, Malahide, Co. Dublin
- ABP-312755-22 (P.A. Ref. No. SFL/021/22) - Licence **granted** (2022) at 7 New Street, Malahide, Co. Dublin

5.0 Policy Context

5.1. Fingal Development Plan 2023-2029

- 5.1.1. **Zoning:** The Licence area is zoned TC - Town and District Centre. The Objective for this area is to protect and enhance the special physical and social character of town and district centres and provide and/ or improve urban facilities
- 5.1.2. The site is within the **Core Retail Area** of Malahide
- 5.1.3. **Architectural Heritage Area:** The site is in the Malahide Historic Core ACA

Malahide Historic Core ACA centres on the planned space of The Diamond as its focal point and the four streets radiating from it of New Street, Church Road, Dublin Road and The Mall (the latter two now forming Main Street). The Talbot family of Malahide Castle influenced the evolution of Malahide through the planned arrangement of The Diamond, a layout common to several 18th estate towns which contributes to its distinctiveness. It is characteristic of a planned estate town with its geometrically designed centre, and hierarchy of streets and mews lanes. It is the only example of this type of town in Fingal. The town's close links to the Talbot family and Malahide Castle and its coastal location contribute its special character.

Table 14.24 of the FDP provides direction for proposed developments within ACA's stating that changes and development within ACAs should be carried out in a

manner sympathetic to its distinctive character and so the following should guide proposed new works within ACAs:

Public Realm Works

- Elements of existing street furniture such as original kerbing, paving, setts, post-boxes, railings, bollards etc. should be identified and retained.
- Any new street furniture (such as bins, lighting, signage-poles etc.) shall be of a high quality and consistent design with consideration given to their siting and location. Street furniture should be kept to a minimum and any redundant modern street furniture removed.
- In instances where the Council does not have direct control over street furniture, it will engage with the relevant agency/agencies, where possible, to encourage them to comply with the Architectural Conservation Area policies. "
- Works to improve the public realm such as new surfaces, dished pavements, traffic control measures including signage and ramps shall respect and enhance the essential character of the ACA.

5.1.4. Section 14.4.7 Street Furniture

The provision of street furniture, including tables and chairs on public footpaths may be subject to license by the Planning Authority under Section 254 of the Planning and Development Act 2000 (as amended). Such seating areas should not obstruct ease of movement by pedestrians, including those with mobility impairments, the young, or persons using buggies/prams. Barriers around such seating areas should be of a suitable material, lightweight and easily demountable.

Street furniture may also include other pieces of equipment such as seating, planters, litter bins, phone boxes, lamp posts, bus shelters and notice boards. It is important that the location of such installations is carefully considered and has a coordinated approach in order to avoid over proliferation or give rise to possible obstruction. Where street furniture becomes obsolete or is no longer fit for purpose it should be removed.

5.1.5. Section 14.20.10 Section 254 Licences

Items and equipment placed on, under, over or along a public road such as street furniture and overground telecommunications infrastructure, have the potential to significantly impact on the quality of the environment within a given area. This includes development works regulated through Section 254 licencing requirements.

In assessing applications under Section 254 of the Planning and Development Act 2000, (as amended), the Planning Authority must have regard to the relevant provisions of the Development Plan, any LAP in place and must give careful consideration to the impacts on public realm and visual amenity.

5.1.6. **Noted Policy / Objectives:**

Objective CSO63 – Pedestrianised Core Malahide: Continue to promote and facilitate the recently implemented pedestrianised core of New Street, Malahide.

Objective SPQHO5 – Amenity of Town and Village Centres: Enhance the amenity of existing town and village centres, minimising clutter and proliferation of street furniture and provide guidance on public realm design, including wirescape, shopfront design, street furniture, climate resilient and pollinator friendly planting, signage and the adequate provision of bins and recycling options.

Policy HCAP14 – Architectural Conservation Areas: Protect the special interest and character of all areas which have been designated as an Architectural Conservation Area (ACA). Development within or affecting an ACA must contribute positively to its character and distinctiveness and take opportunities to protect and enhance the character and appearance of the area and it's setting wherever possible. Development shall not harm buildings, spaces, original street patterns, archaeological sites, historic boundaries or features, which contribute positively to the ACA.

5.2. **National Planning Policy and Guidelines**

- Architectural Heritage Protection Guidelines for Planning Authorities, 2004, as amended. This document provides guidance for the protection of structures,

or parts of structures and the preservation of the character of architectural conservation areas.

5.3. Natural Heritage Designations

The proposed development site is not within nor is it adjacent to any designated site. The Malahide Estuary designated as an SPA, SAC and pNHA, is located c.124m to the northeast of the subject site.

6.0 The Appeal

6.1. Grounds of Appeal

This is a third-party appeal lodged against the decision of Fingal County Council to renew a Street Furniture Licence at New Street Malahide. The appellants objection to the renewal of the licence is based on allegations of nuisance and incompatibility with the orderly or proper use of New Street, which is an ACA. The appeal also notes that the Licence was issued without prior public notice that would have afforded the opportunity for public participation.

The issues raised in the appeal can be summarised as follows:

- ***Amenity Impacts (Persistent Nuisance)***: - Concerns are raised regarding the impacts of the placement of Street Furniture and associated serving of alcohol on a public road, on the amenities of residents and public, due to noise, obstruction and the disorderly behaviour of intoxicated people. It is contended that there is a lack of effective oversight or supervision on the use of this area.
- ***Obstruction***: - It is contended that the placement of associated street furnishings, commercial signage and alcohol advertisement gives rise to loss of footpath access, trip hazards and obstruction of the public footpath. It is further contended that the placement of such structures also gives rise to obstacles to regular street cleaning leading to an unsightly appearance.
- ***Architectural Conservation Area***: - It is contended that the appearance of associated street furnishings and commercial signage and alcohol advertisement

are not in character with, nor compliant with the requirements for use and development within the Malahide ACA.

- **Non-compliance:** It is contended that the applicant should not be issued with a licence on the grounds of (alleged) non-compliance with statutory requirements (licencing, byelaws and planning). The applicant's failure to remove street furnishings contrary to the conditions of the licence is cited as a concern. Concerns are also raised regarding the placing of alcohol advertising on the building in the absence of planning permission and the serving of alcohol outside of the licenced premises.
- The appeal is supported by the following documentation:
 - A Map detailing the location of the application Site within the Malahide Historic Core conservation Area
 - Notification of procedural error as referred to The Office of the Planning Regulator. This document refers to alleged inconsistencies and anomalies in the systems and procedures of planning authorities and An Bord Pleanála in relating to the granting of Street Licenses
 - Copies of Objections to Renewal of intoxicating liquor licence
 - Photographs
 - Schedule of non-compliance with previous street licence conditions

6.2. Applicant Response

The applicant's response to the issues raised in the third-party appeal can be summarised as follows:

- The area covered by this Street Furniture Licence, is licenced under local byelaws by Fingal County Council for the consumption of alcohol sold on the subject licenced premises.
- The use of the space is seasonal and weather dependent. It is often not viable to have this space open for use on Mondays, Tuesdays and Wednesdays.
- The area is well supervised by the staff at Gibney's.

- The Gibney family are experience Publicans and have resided and traded at these premises since 1937. The public house has never had an issue with unruly behaviour.
- The appellants claim that the nuisance outside of the public house is adversely affecting residents and the public is stated as untrue. Gibney's public house is in a central location within Malahide Village, it provides an important focal point for a wide variety of social activities across all adult age groups.
- Individual and collectively Gibney's staff and management enjoy a very good relationship with residents, traders and the Gardai.
- There have been no reports from the Gardai with regards to disorderly behaviour. The Gardai have not objected to the renewal of the Street furniture Licence or the 7-Day {liquor} licence
- The street furniture is entirely compatible with the proper planning and sustainable development of the area. It addresses a deficiency of such facilities in the Village and provides an improved environment for existing customers, with enhanced light levels., etc
- There is no alcohol-related advertisement associated with the street furniture. The granting of planning permission for uses and development within the ACA is a matter for Fingal County Council.
- The public footpath in front of the premises is not obstructed. Patrons are reminded that the footpath is a public area. There is additional signage in the seating area to this effect.
- The local authority street cleaning personnel have never been obstructed from carrying out their duties by items of furniture belonging to the subject premises.
- The area covered by this Street Furniture Licence, is licenced under local byelaws by Fingal County Council for the consumption of alcohol sold on the subject licenced premises.

- All items of furniture belonging to the subject Licenced Premises are removed from the street every evening at the designated time in compliance with the conditions of the Licence. The remaining parasols, bases, windbreakers and planter boxes are the property of Fingal County Council.
- The Street Furniture License is being operated fully within the local authority byelaws.
- Regarding access to licencing maps, this is contended that this is an issue between the applicants, Fingal County Council and An Bord Pleanála.

6.3. Planning Authority Response

None

6.4. Observations

None

7.0 Assessment

7.1. Introduction:

7.1.1. This appeal is made under the provisions of Section 254 of the Planning and Development Act, 2000, as amended. This section of the Act relates to licensing of appliances, cables, signs, street furniture and other items on, under, over or along a public road. Subsection 5 of the Act states that in consideration of an application for licence under 254 a planning authority, or Board on appeal, shall have regard to the following:

- a) The proper planning and sustainable development of the area,
- b) Any relevant provisions of the development plan, or local area plan,
- c) The number and location of existing appliances, apparatuses, or structures, on under, over or along the public road, and
- d) The convenience and safety of road uses including pedestrians.

- 7.1.2. It is I consider of relevance to note, in light of the issues raised in the appeal, that Section 254 does not include provisions for public consultation.
- 7.1.3. Having undertaken a site visit and having examined the application details and all other documentation on file, including the submissions received in relation to the appeal, and having regard to relevant local/regional/national policies and guidance, I consider that the substantive issues pertaining to the proposed Section 254 licencing application can be assessed under the following headings:
- Background
 - Principle of Development
 - Impact on the Character of the ACA
 - Impacts on Residential Amenity
 - Obstruction
 - Issues of Non-compliance / Unauthorised Development

7.2. Background

- 7.2.1. This Licence application is for the placement of street furniture on part of the public realm to the front of Gibney's public house on New Street in Malahide for a temporary period of one year. It would appear from a review of the known planning history of the area and from publicly available imagery, that the area concerned has been in use for outdoor dining, associated with Gibney's since (at least) June 2021, following the granting of a licence by Fingal County Council (FCC) under FCC Ref. SFCOVID1935. The use of this space, and other sections of the public realm along New Street, for outdoor dining was facilitated, initially, by changes in legislation introduced during the Covid pandemic to support the hospitality sector and through the pedestrianisation of New Street.
- 7.2.2. Initially introduced as a temporary measure, plans to permanently pedestrianise New Street were announced by FCC in 2021. On the 16th of January 2024, following a period of public consultation, the Council decided to proceed with the proposed public realm improvement works for a pedestrianised New Street. Details of the planned works can be found on Fingal County Council's website at [Public Realm](#)

[New Street Malahide | Fingal County Council](#). It is I consider relevant to note that the planned works include for the provision of outdoor dining to the front of Gibney's. The implementation of the works has been delayed due to a High Court challenge; however, I note that this challenge was dismissed following a recent High Court Hearing.

7.3. Principle of Development

- 7.3.1. The licence area is zoned 'TC-Town Centre' in the Fingal Development Plan 2023-2029 with the objective to protect and enhance the special physical and social character of town and district centres and provide and/ or improve urban facilities. In my opinion, the provision of street furniture to facilitate outdoor dining, ancillary to an established commercial premises in the commercial centre of Malahide, would accord with the zoning objective in that it would serve to enhance the social character of the area and provide and/ or improve urban facilities. In my view, the proposal would promote the use of the public realm at this location, would help to create a sense of place and would contribute to the vitality and viability of this urban centre.
- 7.3.2. As set out in sections 4 and 7.2 of this report, the precedence for outdoor dining at this location is well established and as evidenced by the granting of this Section 254 licence, and the planned public realm improvements works for New Street, the continued use of this space for outdoor dining is supported by the local authority.
- 7.3.3. In my opinion the granting of this licence and the continued use of this space for outdoor dining is acceptable in principle.

7.4. Impact on Architectural Conservation Area

- 7.4.1. New Street forms part of the Malahide Historic Core Architectural Conservation Areas (ACA). Policy HCAP14 seeks to protect the special interest and character of ACA's and states that development within or affecting an ACA must contribute positively to its character and distinctiveness and take opportunities to protect and

enhance the character and appearance of the area and it's setting wherever possible. Development shall not harm buildings, spaces, original street patterns, archaeological sites, historic boundaries or features, which contribute positively to the ACA.

7.4.2. It is the contention of the third-party appellants, that street furnishings, commercial signage and alcohol advertisement associated with Gibney's, are not in character with, nor compliant with the requirements for use and development within the Malahide ACA.

7.4.3. As set out in section 2 of this report, this licence is for the placement of tables, chairs, parasols and windbreakers on part of the public realm to the front of an established commercial premises for a temporary period of one year (2025). The licence application does not include for any commercial signage or any alcohol related advertisement. As previously established the placement of street furniture and the use of part of the public realm for outdoor dining is acceptable at this location. The licence, if permitted, would support the continued use of the public realm along New Street as a safe place for outdoor dining and would contribute to the vitality and vibrancy of the street. In my opinion, the current and proposed use of this space for outdoor dining, when compared to its previous use as a space for the loading and parking of vehicles, contributes positively to the character and visual amenities of the street. The Licence does not include or necessitate any physical works or alterations to any building, structure or feature within the ACA. Given the temporary nature of the licence, I am satisfied that the proposal would not have a material effect on the special character of the ACA.

7.5. Impact on Residential Amenity

7.5.1. The appeal raises concerns of nuisance, by way of noise and anti-social / disorderly behaviour, resulting from the serving of alcohol on the public road outside of the licenced premises. The appellants contend that the creation of this direct nuisance adversely affects residents and the public. The applicants dispute this claim, stating that Gibney's staff and management enjoy a very good relationship with residents,

traders and the Gardai. They state that there have been no reports from the Gardai with regards to disorderly behaviour and cite the fact that the Gardai have not objected to the renewal of the Street furniture Licence or the 7-Day {liquor} licence as evidence of this fact.

- 7.5.2. As previously established the use of part of the public realm to the front of Gibney's Public House for outdoor dining is acceptable in principle and would accord with the objectives for the area as set out in the FDP. Notwithstanding, I accept that the use of the public realm for outdoor dining etc has the potential to generate elements of noise and general nuisance. In my opinion, an appropriate balance needs to be struck between the need to promote and support the commercial development of New Street and residential amenity. I am satisfied that this can be achieved by way of appropriate condition. In this regard, I note that Fingal County Council restricted the hours of the Section 254 Licence to between the hours of 9:00 and 22:00. Such a restriction is I consider reasonable given the nature of the licence and its location.

7.6. Obstruction of the Public Footpath / Public Realm:

- 7.6.1. The third-party appellants contend that the placement of street furnishings as proposed results in the obstruction of the public footpath and gives rise to obstacles to regular street cleaning, leading to an unsightly appearance.
- 7.6.2. The applicants maintain that this is not the case. They state that patrons are reminded that the footpath is a public area and that signage to this effect has been erected in the seating area. They also state that local authority cleaning personnel have never been obstructed from carrying out their duties by items of street furniture belonging to the licenced premises.
- 7.6.3. On the date of inspection, I noted that street furniture had been arranged generally in accordance with the licence agreement issued by FFC, I observed no obstruction of the footpath and that the public realm in the vicinity of the licenced area was well maintained free of litter. Notwithstanding, I acknowledge that the section of the footpath between Gibney's and the licence area is likely to become congested during periods of high usage. However, given that such instances would be limited due to seasonal and weather restrictions and given the current and planned permanent

pedestrianisation of New Street, I am again of the opinion that this matter could be adequately addressed by way of condition. In this regard I note that the licence agreement issued by FCC is subject to a minimum footpath clearance of 1.8m with accessibility to be maintained to all footpath users. I would recommend that the Board include a similar condition should it see fit to approve this section 254 licence application. I would also recommend the inclusion of a condition that requires the removal of all items of street furniture belonging to the licenced premises outside of designated hours to facilitate street cleaning.

7.7. Issues of Non-compliance / Unauthorised Development

- 7.7.1. The appellants object to the issuing / renewal of the street furniture licence on the grounds of alleged non-compliance with previous licencing conditions, in particular, the applicant's failure to remove the furniture outside of designated hours. Concerns are also raised regarding the placing of alcohol advertising on the premises in the absence of planning permission and the serving of alcohol outside of the licenced premises.
- 7.7.2. The applicants maintain that the street licence is being fully operated within the local authority byelaws and that all items of furniture belonging to the subject licenced premises are removed from the street every evening at the designated time. They state that the remaining parasols, bases, windbreakers and planter boxes are the property of Fingal County Council. The applicants also state that the area covered by this Street Furniture Licence, is licenced under local byelaws by Fingal County Council for the consumption of alcohol sold on the subject licenced premises.
- 7.7.3. Regarding the allegations of unauthorised development and non-compliance with the conditions of the Section 254 Licence raised in the appeal, I note that matters of planning enforcement fall under the jurisdiction of the local authority, who have saw fit to approve the renewal of the section 254 Licence. Therefore, I do not consider that the Board is in a position to draw any conclusions in relation to the matters raised.

8.0 AA Screening

- 8.1. I have considered the proposed development in light of the requirements S177U of the Planning and Development Act 2000 (as amended).
- 8.2. The subject site is located on New Street in the urban centre of Malahide. The site is not on nor is adjacent to any designated European Site. The closest sites are those within the Malahide Estuary, c120m to the northeast. The Malahide Estuary designated as an SPA, SAC and pNHA. This is a licence application made under section 254 of the Planning and Development Act 2000, as amended, for the placement of street furniture on the public domain to the front of No's 5, 6, 7 and 11 New Street, Malahide, occupied by Gibney's Public House. No nature conservation concerns were raised in the planning appeal.
- 8.3. Having considered the nature, scale and location of the project, I am satisfied that it can be eliminated from further assessment because it could not have any effect on a European Site. The reason for this conclusion is as follows:
- The nature, scale and location of the works
 - The Planning history and established use of the site
 - The distance to the nearest European site, intervening land uses and the lack of connections.
- 8.4. I conclude, on the basis of objective information, that the proposed development would not have a likely significant effect on any European Site either alone or in combination with other plans or projects.
- 8.5. Likely significant effects are excluded and therefore Appropriate Assessment (under Section 177V of the Planning and Development Act 2000) is not required

9.0 EIA Screening

The proposed development does not come within the definition of a 'project' for the purposes of EIA, that is, it does not comprise construction works, demolition or intervention in the natural surroundings. Refer to Form 1 in Appendix 1 of report.

10.0 Recommendation

I recommend that the Section 254 Street Furniture Licence be granted

11.0 Reasons and Considerations

Having regard to the nature and extent of the proposed development for which a street licence is sought, to the location of the site on New Street, in the commercial centre of Malahide and the objectives for the area as set out in the Fingal County Development Plan it is considered that subject to compliance with the conditions set out below, the temporary use of the street as an outdoor seating / serving area for Gibney's Public House would not seriously injure the amenities of the area, including the amenities of residential properties and would not have an adverse effect on the character and setting of the designated Architectural Conservation Area would not be prejudicial to public safety by reason of traffic hazard. The proposed development would therefore be in accordance with the proper planning and sustainable development of the area.

12.0 Conditions

1. Street Furniture may be placed on the eastern side of New Street adjoining Gibney's premises in an area measuring 126 square metres. The Street furniture shall be arranged and maintained so as to maintain a minimum footpath clearance of 1.8 metres and so as not to obstruct the free-flow of pedestrian traffic.

Reason: in the interest of public safety

2. Street furniture shall only be placed at the above location between 1100 hours and 2200 hours all items covered under this license, under the control of the applicants shall be removed outside of these hours

Reason in the interests of the amenities of the area

3. Street furniture shall be maintained in a safe clean and tidy condition and adequate waste management facilities shall be maintained at the site by the applicant

Reason in the interests of the visual amenities of the area

4. No outside amplification speakers / live entertainment shall be permitted without prior written consent from the planning authority and no speaker or amplifier within these premises shall be configured in such a manner so as to project sound onto the public footway.

Reason in the interests of the amenities of the area

5. All appropriate public liability insurances shall be in place for the duration of this licence.

Reason: in the interests of public safety

6. The license permitted by this order shall expire on the 31st day of December 2025

Reason: In the interests of the amenities of the area

I confirm that this report represents my professional planning assessment, judgement and opinion on the matter assigned to me and that no person has influenced or sought to influence, directly or indirectly, the exercise of my professional judgement in an improper or inappropriate way.

Lucy Roche
