OIR/22/13	13/04/2022	13/04/2022	Marc Ó Cathasaigh TD	Staffing Levels / HR	To enquire as to whether there are adequate resources available to ABP in dealing with cases in relation to renewable energy progress - such as planning works necessary to run ducts or connections to the grid for solar farms. To enquire about backlogs in the anticipated date for an ABP decision and when the actual decision is made – is this a case of an office or section being under-resourced, or a backlog as a result of COVID-19 or an alternative explanation?	06/05/2022	An Bord Pleanála is currently experiencing a general backlog of cases primarily as a consequence of increased levels of intake of cases in recent months. An Bord Pleanála has been given additional staffing resources in recent years and is in further on-going discussions with the Department of Housing, Local Government and Heritage on resourcing levels in the context of the current backlog of cases and additional new functions under the Maritime Area Planning Act 2021. An Bord Pleanála regrets the delay in determining cases and will seek to ensure as many cases as possible are determined within the relevant statutory objective period including those relating to renewable energy projects. Refurbishment of bungalow and signage. Demolition and relocation of fuel store, 6 solar panels, provision for 19 carparking spaces at the Hermitage, Grantstown, Co. Waterford. As provision funding has been provided to ABP by the Minister for Housing, Planning & Local Government to tackle the backlogs, what are ABP	25/07/2022	An Bord Pleanála is currently experiencing a backlog of cases due to both a general increase in the volume of cases received and the complex nature of certain types of cases. The volume and complexity of cases is particularly acute in respect of applications for proposed strategic housing developments which appears to be a consequence of that system ending for such applications in quarter 3 of this year. The concentration of these cases has significantly contributed to certain capacity constraints within	EN	2	2022

OIR/22/19	13/06/2022	20/06/2022	Pearse Doherty TD	Appeal Case (Live) Appeal Case (Live)	To provide a status update for case reference SU0138 and advise when it may be expected a decision will be made. (SU0138: Substitute Consent Application – Gortletteragh, Stranorlar, Lifford, Co. Donegal. (EUQY31)), To advise on the reason for the delay in reaching a decision in this case.	01/07/2022	The Board acknowledges that there have been significant delays in the processing of this case and other similar type cases. The Substitute Consent process was the subject of protracted legal action with High Court action taken in relation to several Board decisions. The Courts found that the legislation underpinning the Substitute Consent process was defective in that it did not provide for third party involvement at the Leave to Apply stage. The Planning and Development Act 2000 was amended to reflect the findings of the Courts. However, as no distinction was made between new cases received after the enacting	EN	2	2022

							of the amended legislation and those on hands, all current application had to be revisited. In relation to this particular case, the Board recently decided that it had enough information on the case to deal with the issue of exceptional circumstances and the applicant has been requested to publish new notices. Following receipt of new public notices, the case will be returned to the inspector together with any observations that may have been received on foot of the notices, for completion of an addendum report or a new report. At this point, it is expected that processing of the case			
OIR/22/20	21/06/2022	21/06/2022	Pa Daly TD	Administration	To ask, in tabular format, for the number of Compulsory Purchase Orders in respect of derelict sites, dangerous sites, and dangerous structures, that commenced in each of Kerry, Limerick County, Limerick City, Tipperary, Cork County, and Cork City for each of 2015, 2016, 2017, 2018, 2019, 2020 and 2021. It is expected that a decision on the case will be reached before the end of the year. An Bord Pleanála's role in relation to Compulsory Purchase Orders (CPO) is limited to adjudicating on the question of whether the proposed compulsory acquisition (to be affected by way of a CPO) is or is not to be authorised in circumstances where such a CPO is submitted to it for confirmation by the relevant local authority and where valid objections are made and not withdrawn to the CPO. In a substantial number of such cases no objections are received, or	EN	2	2022

OIR/22/21	27/06/2022	27/06/2022	Catherine	Administration	Orders (CPOs) completed in respect of derelict sites, dangerous sites, and dangerous structures, in each of Kerry, Limerick County, Limerick City, Tipperary, Cork County, and Cork City for each of 2015, 2016, 2017, 2018, 2019, 2020 and 2021, also noting the mean length of time, in months, that it took for CPOs that completed in each of those years.	13/07/2022	objections made are subsequently withdrawn. In both of those circumstances, the Board has no further role in the process and simply return the CPO to the local authority and the local authority can proceed to itself confirm or annul its own CPO. In addition, it should be noted that the compulsory acquisition process beyond the above stages involves a number of further steps that must be undertaken and completed by the local authority before the compulsory acquisition is affected (this applies even where a CPO confirmation application is assented to by the Board after considering objections). If these additional steps are not undertaken by the local authority the compulsory acquisition cannot proceed. The Board has no involvement in or knowledge of these further steps. Accordingly, An Bord Pleanála does not hold the information requested. It appears likely to An Bord Pleanála that only each individual local authority will hold the requested information relevant to its own area.	EN	2	2022
