I refer to the following: <https://www.pleanala.ie/en-ie/case/313412>

As I understand it notice this application for “Leave to Apply Substitute Consent S177 “ Lemanaghan Bog was withdrawn on 15/01/2024.

What are the implication of this for the local community?

It is my understanding that when BnM applied for this substitute consent they needed to 'regularise' planning status on peatlands, i.e, they needed retrospective planning permission for historic peat extraction.

Nevertheless, I understand that until BnM get this retrospective planning sorted - they cannot develop on it, legally - as the site currently is an illegal development.

May I please ask you to confirm if this is the case and to provide an update with respect to the leave to apply for substitute consent.

**Freagra substainteach:**

In response to your query please be advised that new legislation, being subsection (11) of section 41 of the Planning and Development, Maritime and Valuation

(Amendment) Act 2022, was commenced on the 16th of December 2023 by Ministerial Order S.I. 645 dated the 15th of December 2023. The Commencement Order brings into operation sections 10 to 21, sections 23 to 40 and subsections (8) to (12) of section 41, of the Planning and Development, Maritime and Valuation (Amendment) Act 2022. Section 41(11) is of particular relevance, as it now provides as follows: (11) Where a person applied for leave to apply for substitute consent under section 177C of the Principal Act before the date of the coming into operation of section 40(b), but a decision on the application for leave was not made under section 177D before that date, the applicant shall be deemed to have withdrawn his or her application for leave to apply for substitute consent under section 177C and the Board shall return to the applicant any fee received from the applicant in respect of the application. As a result, this application for leave to apply for substitute consent was deemed withdrawn as a matter of law. In addition, the provisions of the 2022 Act, now commenced, provide for a single-stage application process whereby "leave to apply" for substitute consent is no longer required in order to make an application for substitute consent. Accordingly, it is open to persons who had made applications for leave to apply for substitute consent, which had not been determined and have now been deemed withdrawn, to make applications for substitute consent.

2 Due to the nature and scope of its functions, An Bord Pleanála is not in a position to comment on other matters or questions raised in your correspondence .

Please also note the context to these figures by reference to workforce planning in An Bord Pleanála and consequent sanctions for new additional posts in the organisation as given by the Department of Housing, Local Government and

Heritage. The following table relates to the number of such new posts approved and then filled in the period 2021 to 2023/2024. This shows that, of the **117** new posts approved in this period, **101** of those are now filled. It is anticipated that the remainder of these new posts (**16**) will be filled by the middle of 2024.

<b>Workforce Plan</b>	<b>Number of Posts Sanctioned</b>	<b>Number of These Posts Filled</b>
2021	24	24

However, this reflects prevailing staff turnover patterns within the overall complement of staff. There is a continuous process ongoing to seek to replenish such vacancies and this will continue in 2024.

I am seeking assistance in ascertaining if a bog at Garrymore Upper, Garyhinch, Co.Laois-An Bord Pleanála Ref No: 315157 has a CPO order relating to it from Bord na Mona.

**Freagra substainteach:**

The only current case before An Bord Pleanála in relation to this matter is a pre-application consultation request case numbered ABP-315157-22 in respect of a proposed windfarm at Garrymore Upper, Garyhinch, Co.Laois. That pre-application consultation process has not concluded. There is no application currently before An Bord Pleanála for confirmation of a compulsory purchase order in respect of any lands at this location.

I hope this is of assistance in relation to your query.

Our office has been contacted by residents in Belmont estate in Stepside who are seeking the latest update on the following housing application:

<https://www.pleanala.ie/en-ie/case/309828>. Some residents have stated that the application is under judicial review. We would be grateful if ABP could provide the latest update on this application and clarify whether it is under judicial review.

**Freagra substainteach:**

In response to your query please be advised that An Bord Pleanála's decision in relation to case number 309828 was the subject of judicial review and that a High Court judgement was delivered on the 27th September, 2023 which quashed that decision. Final High Court orders reflecting that judgement and dealing with any associated matters have yet to be made by the High Court so that is the current status of these legal proceedings. I hope this is of assistance.

ABP-308151-20 Our office has been contacted by residents in Belmont estate in Stepside regarding the above planning application and appeal to ABP. We can see from the planning files online that the Bord granted permission to the development in 2021. However, no construction appears to have yet taken place on the site. We would be grateful, therefore, if you could provide a full update on this planning application and clarify whether this development is due for construction.

**Freagra substainteach:**

As An Bord Pleanála has made its decision in this case its jurisdiction in the matter is spent. The Board has therefore no further role in respect of this proposed development and your query on this should be directed to the prospective developer and/or the local planning authority - the latter must be given formal prior notice of commencement of the construction of the proposed development the subject of the permission.
