- Select Join Microsoft Teams Meeting.
- A browser window will open, select Download the Windows App.

• The App will start to download.

• Microsoft Teams will then start the installation process.

• After the Teams App has installed on your device, it will open and you may be asked to enter your name – if necessary, enter it and then select join now.

• You may need to wait as the meeting organiser accepts your request to enter the meeting.

• When you are in the meeting you will see a screen similar to the screenshot below.

The Teams App will now be installed on your device.
