1210	19/08/2025	319127	Can you please inform me of the detailed specification for the footpath connection for the site on the Old Road (L7099) to the junction of Main Street (L3043). As I can not see it on the WCCC website with the planning application. I ask this under the Freedom of Information Act as I note that works has commenced on clearing the site in question but as I am currently aware, it is not possible for the footpath to be 1.8m wide for the final 10m as the landowner has not given his consent to either the developer or the council. I have also sent a Freedom of Information request to Uisce Eireann in regards to the connection agreement, " Under the freedom of information act, I would like to be informed of the connection agreement of the planning application ref 2339 Waterford City and County Council on the Old Road (L7099) for 98 houses. As you, Uisce Eireann has classified this area of Ballygarty as Potential Capacity Available - LoS improvement required. I ask this as the water on this road has been off twice this week. On Wednesday 13th of August 2025 at 5pm I made a phone call to yourselves about this. On Thursday the 14th of August 2025 the water was also off for 2 hours during the afternoon, I was not home so did not call, but my elderly neighbour informed me of such. According to your colleague on Wednesday there were no planned works in the area nor reported leaks etc. so this was a capacity issue, as it is every summer. This is without extra houses being placed on the supply. I required acknowledgement in writing of this Freedom of Information request. I also require a response that the supply issues have been noted, so when the new houses are built and connected, hopefully these issues will not need to be revisited."If you the council have any further information in relation to above I would also appreciate it.
