Re: N6 Galway City Ring Road – Environmental Impact Assessment Report and Natura Impact Statement

Your Ref:

Our Ref: 19/216

A chara,

With reference to the letter received on 18 September 2019, concerning the additional Environmental Impact Assessment Report and Natura Impact Statement for the N6 Galway City Ring Road, Geological Survey Ireland (a division of Department of Communications, Climate Action and Environment) has no further comments to add to the previous correspondence sent (our refs: 19/76 and 18/136 and your refs: ABP-302848-18 and 223985-00 respectively).

Geological Survey Ireland commends the use of our various data sets in the Route Selection Report but would like to add that Geological Survey Ireland should be referenced as such and any maps and data used should be attributed correctly to us.

If the proposed development plan is altered, please contact myself or my colleague, Siobhán Power at Siobhan.Power@gsi.ie, for further information and possible mitigation measures if applicable.

If we can be of any further help, please do not hesitate to contact me, or my colleague Siobhán Power.

Le meas,

Amrine Dubois Gafar
Geoheritage Programme
