Cork Level Line Crossings

Imagery depicting the view towards the site (Existing and Outline)

R515 north of Project XC201 Thomastown VP1

These are 80° panoramic montages captured and presented in accordance with the guidance set by the British Landscape Institute 2017 - Advice Note 01/11.

To view these panoramas on a flat surface one must move from left to right along its length whilst maintaining a perpendicular viewing direction and the specified correct viewing distance of 30cm. To see this entire panoramic scene in reality would necessitate turning one's head through 40°.

Easting (ITM):	557393	Lens:	50mm / Full Frame Sensor	Date:	08/10/2019
Northing (ITM):	624767	Camera:	Canon 1-D Mark II digital SLR	Time:	12:47
Direction of View 176°	E of Grid North	Camera Height:	1.7m Above Ground Level		
Angle of View:	80°
