I am one of many who are now living under the illegal use of the new North runway operated by the DAA ..The flights paths that are being used now are very different from the flight paths that were agreed in yhe planning permission back in 2007.The noise from the current flight paths is intolerable and mentally challenging..For example you go asleep and suddenly you woken by noise and virabtion..My heart panic's because you suddenly woken. I am exhausted during the day working because I can't get enough sleep. And on the other hand I can't sleep because my mind is constantly on thinking of the noise and virabtions from the overflying Aircraft's.

I think an oral hearing is needed because of the gravity of the situation
