## Memorandum ABP 314485-22

---

**To:** Ciara Kellett, Director of Planning  
**Cc:** Bronwyn Byrne, Senior Executive Officer, Processing  
**From:** Karen Hamilton, Senior Planning Inspector  
**Re:** Further Information ABP 314485-22  
**Date:** 07<sup>th</sup> of February 2024

---

Please find attached a request for additional information for the above file.

The Board received additional information from the Dublin Airport Authority (Daa) on the 14<sup>th</sup> of September 2023. This additional information includes noise contour maps which amend the terms of the Third Condition of the Regulatory Decision in relation to Figure 3.1 - Residential Sound Insulation Grant Scheme (RSIGS) and the "Initial Eligibility Contour Areas".

It is requested that the applicant submit maps at a relevant scale, which will allow the Board to undertake an assessment of any comparison with Eligibility Contour Area maps in Fig 3.1 and Maps 1-23 of the Regulatory Decision, and the noise contours now proposed.

Maps shall be provided at a scale of 1: 50,000 for Fig 3.1, and 1: 10,000 for Maps 1-23, or a scale otherwise agreed with the Board. The revised maps shall clearly illustrate all authorised habitable dwellings within the 55 dB  $L_{night}$  and 63  $L_{den}$  contour for the year 2025.

The applicant shall submit these maps within 3 weeks of this additional information request.

  
Karen Hamilton  
Senior Planning Inspector
