Hello,

I would like to object to the new night flight plans to have 65 flights during the night.

[REDACTED]

I am shocked that night flights are still being considered and on such a large scale. If this is allowed, it will not stop at 63 flights and i envision that it will only get worse with new requests to allow even more flights. This is going to have a serious impact on the quality of our lives and many others.

Yours sincerely

Alex Glass
