Dear Sir or Madam,

I wish to register my concern and objection to night time flights between 11pm and 7am.

I can see no benefit to any local community with the disruption created by aircraft landing and taking off during these hours.

Advances in jet engine technology do not offer sufficient mitigation.

I would also point out the additional and unnecessary carbon impact.

I can see minimal tourism advantage and the benefit accruing solely to the DAA.

Yours sincerely,

Conor Murray
