To whom it may concern,

As a resident of Portmarnock, Co. Dublin, I am writing to object to the proposed night flights(11pm-7pm) as a concern for my family and their future.

The proposed increase in emissions as well as the noise pollution generated as a result would have a serious impact on the health and wellbeing of future generations let alone the overall negative impact on the planet.

Most businesses and individuals have a focus on net carbon zero for the future, however all of the efforts made shall be in vein should this proposal pass.

Regards,

Lilya Heather
