To whom it may concern

I live in Hollywoodrath in Dublin 15.

I strongly object to any change in flight times or night time flight changes as I live directly under the flight path and any change will further disrupt my quality of life.

The reasons outlined below are why at the moment myself and my family feel we have a lower quality of life.

1/ Sleep deprived, we are woken up every morning between 5 and 6 o'clock with the noise population of planes going overhead

2/ Sleep deprived, we cannot go to bed before 11pm at night as the planes are still going up until midnight.

3/ Air pollution. Due to the quantity of planes going overhead constantly during the day

4/ Noise pollution, we cannot sit out our backyard on a sunny day without planes flying overhead every 20 mins

5/ Noise population, I work from home and I constantly have to cancel phone calls or mute my meeting due to a plane flying overhead

I am at my wits end and my mental health and physical health is affected by the noise and air pollution

Please submit my complaint as a priority.

Kind regards

Edel Gibbons Byrne
