**Subject:** Seapark Malahide - DAA/FCC divergent flight paths proposal  
**Date:** 28 February 2022 08:54:00

---

CAUTION: This email originated from outside of Fingal County Council. Do not click on links or open attachments unless you are satisfied of the email's authenticity.

I live in Seapark Malahide and would like to object to the proposals for the expansion of routes at the second runway at Dublin airport, specifically the 15 flights that could cross our area between 6 and 7 am. These divergent flight paths have not gotten planning permission and are in breach of the planning laws. These divergent flight paths would significantly affect my family with young children. We chose the area to buy our house as the area was suitable for small children, and we have made a significant investment in our property. Not only will this affect our physical health due to stress and lack of sleep, it will also affect our mental health and will have a significant impact on the value of our house.

As these flights are in breach of the planning laws they cannot be allowed to go ahead.

I am a law abiding citizen who moved to Fingal in 2016. I do not break the law, I have made a significant investment in the community and the very least that I expect is that the DAA and FCC uphold the law the same as all citizens in the community are expected to.
