To whom it may concern,

I have been made aware of plans to introduce 65+ night flights for cargo to go in and out of Dublin Airport every night.

As a resident of Kinsealy I strongly object to this move - this would mean constant night time noise in our area, disrupting all our sleep and quality of life.

It would also inevitably affect the air quality negatively and would have a damaging impact on our area as a place to live.

Please note my objection to this proposal as a resident guaranteed to be directly impacted.

Regards,
Sarah MagFhloinn
