Dear Sir/Madam,

I object to the proposed increased night time movements in Dublin Airport. I live in Portmarnock and the current noise levels already disturb my sleep and that of my family. This is known to adversely affect health long term and short term. I object to any increase in night time flights.

I also object on the grounds that increased air traffic will cause increased air pollution in the immediate local area and to the wider global environment.

Kind regards,

Ruairi O' Malley
