Hi there,

I wish to make a formal objection to the proposed lifting of night-time restrictions at Dublin airport.

Among other things, I believe that;

- this would create a level of noise over Malahide that would be unacceptable; above the Night 40dB limitation.
- Noise levels would exceed those stated as healthy by the World Health Organisation - [see here](#)
- there are multiple studies referencing that there is “sufficient evidence” to show that noise increases people’s heart-rate, even if they don’t wake up

I would appreciate confirmation of receipt of this objection submission.

Kind regards,

Brian O'Farrell
