To whom it may concern;

It has been brought to my attention that the new runway at Dublin Airport may result in 65+ flights for cargo each night that would occupy our airspace between the hours of 23.00 - 07:00am.

As a father of a one year old baby and with twins due to be born this year, I can't begin to imagine the potential disruption to the sleep in our household should this proposed night flight plan be approved.

I hereby serve notice of my objection to this proposal and look forward to hearing from you.

Regards,
