First of all we are living in Portmarnock for 45 years. Robbie and Eithne Byrne. Have always heard planes going over our home around 5 45 or so. Cant imagine what it would be like if Flights were going from 11Pm to 7 Am. Its really not on. We are on flight path it would be horrendous. Sleep disturbance . We dont have small Children but it would affect lot young familys. Cant believe how there is only 20 Objections. Atrocious. This was not made public obviously. Heathrow Gatwick dont have flights between 11Pm 7 Am. Why should we. COP26 Climate change targets should be taken very seriously. We should all have chace to cleaner air good nights sleep and non Toxic envireonment for Humans and Animals. Hopefully this Night flight does not get approved.

Regards  
Robbie Eithne Byrne
